March 23, 2016

Darlene Stromstad, FACHE
President/CEO
Waterbury Hospital
64 Robbins Street
Waterbury, CT 06708

Dear Ms. Stromstad,

Thank you for meeting with us to discuss the future of Waterbury Hospital. We appreciate your compiling the relevant sections of your filings and legal documents related to our concerns about maintaining quality and affordable healthcare in our community.

We have drafted a community benefits agreement based on what Waterbury Hospital and Prospect Medical have already agreed to do (sections 1-10). The only additional language that we have added is that we will continue the dialogue on those and other issues in the future.

We look forward to a signature from Prospect Medical so that we can work together to make Waterbury Hospital a center of healthcare excellence for another 100 years.

Thank you for your time and consideration.

Sincerely,

Steven Schrag
