

2012-2013 State DERA2 Grant

After an open competition, the 2012 funding of \$130,892.00 was awarded to the Connecticut Department of Transportation to replace the engines on the Chester/Hadlyme river ferry, the Selden III. The project was completed and the vessel was back in service on April 1, 2013.

Following an open and competitive process, three projects were selected for 2013 DERA2 funding. The following two were completed and the trucks are in service:

- \$27,246 to replace a maintenance dump truck for the Town of Wethersfield; and
- \$27,246 to replace a refrigerated box truck for the Connecticut Department of Correction.
