Compliance Certification Form For Emissions Test Results

Please complete and submit this Certification Form for each test report. Please duplicate Parts III - VI of this form for each *individual* piece of equipment as necessary.

Test reports must be submitted electronically to: DEEP.SEM@ct.gov or via the FTP site (<https://sft.ct.gov>) with this Compliance Certification Form and all supporting documents. Hardcopies of each test report and this Compliance Certification Form may also be sent to the SEM (see page 4 of this form for address) but this won't preclude the requirement for an electronic submission.

Optionally, test reports may be submitted using EPA's Electronic Reporting Tool and uploaded to the SEM FTP site in lieu of this certification form.

For RATA reports, please complete and submit the "*Compliance Certification Form for CEMS RATA Results*".
