Connecticut Department of Energy and Environmental Protection

# RCOSA §22a-174-18

## Proposal Highlights

- Clarifies the applicability provisions of subsection (f)
  - Defines the term “process industry”
    - “A business that is primarily concerned with processing of bulk materials into other products”
  - Where “bulk material” means
    - “Dry material such as, but not limited to, ore, coal, cereal, wood, sand, gravel or stone in loose, bulk form”
- Simplifies the method used in subsection (f) to calculate allowable emission rates for process industries
- Revises subsection (j) such that state regulatory language conforms to that approved by the U.S. EPA in the SIP
  - No exemption during periods of malfunction

# RCSA §22a-174-18
