

Connecticut DEEP's "Do Not Sell" List of Non-Compliant Electronics Manufacturers

Prior to selling a Covered Electronic Device ("CED")¹ in Connecticut, a retailer has the responsibility to check the Connecticut DEEP's [List of Compliant Electronics Manufacturers](#) to determine if electronics manufacturers are in compliance with [CT's E-waste Recycling Law](#). Retailers cannot offer for sale in Connecticut a CED of a manufacturer that is not in compliance with the applicable registration and fee payment requirements.

A retailer is considered to be compliant with its responsibility if, on the date that the product was ordered from the manufacturer (or its agent), the manufacturer was listed as being compliant on Connecticut DEEP's web site.

For clarity purposes, Connecticut DEEP publishes an updated list below of electronics manufacturers that are known to be non-compliant with the law.

Please note that if a manufacturer's brand(s) *IS NOT* listed below and the same brand is *NOT* also listed on Connecticut's DEEP's [List of Compliant Electronics Manufacturers](#), then the retailer may not sell that brand and the manufacturer responsible for the brand is subject to the E-Waste Recycling law. Connecticut DEEP has the authority to take enforcement action to ensure compliance, including but not limited to, the issuance of a "Do Not Sell" notice

¹ "Covered electronic device" or "CED" means a desktop or personal computer, computer monitor, portable computer, printer, CRT-based television and non-CRT-based television sold to consumers, but does not include any of the following, including any component of the following:

- (A) an electronic device that is a part of a motor vehicle or any component part of a motor vehicle assembled by, or for, a vehicle manufacturer or franchise dealer, including replacement parts for use in a motor vehicle;
- (B) an electronic device that is functionally or physically a part of a larger piece of equipment designed and intended for use in an industrial, commercial or medical setting, including diagnostic, monitoring or control equipment;
- (C) an electronic device that is contained within a clothes washer, clothes dryer, refrigerator, refrigerator and freezer, microwave oven, conventional oven or range, dishwasher, room air conditioner, dehumidifier or air purifier;
- (D) a telephone of any type unless it contains a video display area greater than four inches measured diagonally; or
- (E) any handheld device used to access commercial mobile radio service, as such service is defined in 47 CFR 20.3.

to any retailer and manufacturer if a manufacturer's brand is found to be sold by any retailer to Connecticut consumers over the internet or at a retail store located in Connecticut.
