

Approval for Connection/Transport to a POTW

Part 1: The registrant must complete and sign Part 1.

Part 2 The form must then be submitted to the Publicly Owned Treatment Works (POTW, or sewage treatment plant) receiving the discharge for approval. Part 2 must be completed and signed by a responsible official of the POTW.

Part 3 Where a local sewer commission acts independently of the POTW (i.e. facilities that receive sewage from more than one town), the registrant **must also** have the local sewer commission approve the discharge. In this case, Part 3 must be completed and signed by a responsible official of the local sewer commission.
