Name of facility, if applicable:		
Street Address or Description of Location:		
City/Town:	State:	Zip Code:

**Part V: Activity Information**

1. Maximum Daily Flow of this discharge: gpd

2. Date discharge began or will begin:

3. Identify all of the vehicle maintenance activities performed at your facility:

- Vehicle washing
- Vehicle detailing
- Small volume vehicle detailing
- Steam cleaning of engines
- Vehicle service and repair
- Autobody repair
- Small volume autobody repair

4. Will the discharge be directed to a treatment system, which meets the specifications listed in subsection 5(a)(1) of the *General Permit for the Discharge of Vehicle Maintenance Wastewater*?

Yes     No

5. If the discharge will not be directed to a treatment system, which meets the specifications listed in subsection 5(a)(1) of the *General Permit for the Discharge of Vehicle Maintenance Wastewater*, then provide a detailed description of the activities generating the discharge.

## Part VI: Supporting Documents

Check the box by the attachments as verification that *all* attachments have been submitted with this registration form. When submitting any supporting documents, please label the documents as indicated in this part (e.g., Attachment A, etc.) and be sure to include the registrant's name as indicated on the *Permit Application Transmittal Form*.

- Attachment A: For any discharge of vehicle maintenance wastewater which is directed to a treatment system that meets the specifications listed in subsection 5(a)(1) of the *General Permit for the Discharge of Vehicle Maintenance Wastewater* a completed *Treatment System Specification Form* (DEP-PED-REG-010A).
- Attachment B: For any discharge of vehicle maintenance wastewater which is directed to a collection and/or treatment system that does **not** meet the specifications listed in subsection 5(a)(1) of the *General Permit for the Discharge of Vehicle Maintenance Wastewater*, and was **not** previously authorized by a valid individual permit issued in accordance with section 22a-430 of the Connecticut General Statutes or by the Car Wash or Vehicle Service Floor Drain Wastewater General Permit issued by the Commissioner on December 7, 1989, *plans and specifications* of the proposed collection and/or treatment system.
- Attachment C: For any discharge of vehicle maintenance wastewater, a completed *Approval for Connection to a Sanitary Sewer* (DEP-PED-REG-010C) from the POTW, which receives or will receive the discharge.
- Attachment D: For any discharge of vehicle maintenance wastewater which is directed to a treatment system that meets the specifications listed in subsection 5(a)(1) of this general permit, except for a discharge that was previously authorized by a valid individual permit issued in accordance with section 22a-430 of the Connecticut General Statutes or by the Car Wash or Vehicle Service Floor Drain Wastewater General Permit issued by the Commissioner on December 7, 1989, a completed *Professional Certification* (DEP-PED-REG-010D). This certification must be submitted at the time of registration after installation of such treatment system.
- Attachment E: For any discharge of vehicle maintenance wastewater which is directed to a collection and/or treatment system that does **not** meet the specifications listed in subsection 5(a)(1) of this general permit, except for a discharge that was previously authorized by a valid individual permit issued in accordance with section 22a-430 of the Connecticut General Statutes or by the Car Wash or Vehicle Service Floor Drain Wastewater General Permit issued by the Commissioner on December 7, 1989, a completed *Professional Certification* (DEP-PED-REG-010E). This certification must be submitted after receipt of the commissioner's approval for the proposed collection and/or treatment system and after installation of such system.

## Part VI: Supporting Documents (continued)

- Attachment F: For any discharge of vehicle maintenance wastewater that was previously authorized by a valid individual permit issued in accordance with section 22a-430 of the Connecticut General Statutes or by the Car Wash or Vehicle Service Floor Drain Wastewater General Permit issued by the Commissioner on December 7, 1989, one of the following items shall be submitted at the time of registration:
- (i) A copy of the approval issued by the Department in accordance with section 22a-430 of the Connecticut General Statutes for the collection and/or treatment system installed to treat the vehicle maintenance wastewaters that are the subject of this registration.
  - (ii) A copy of Certification Form VW2 or VS2, which was previously submitted to the Department for coverage under the respective Car Wash or Vehicle Service Floor Drain Wastewater General Permit for the vehicle maintenance wastewaters that are the subject of this registration.

Note: Vehicle maintenance wastewater discharge from a small volume autobody repair or a small volume vehicle detailing facility requires a registration but does not require treatment or a professional certification.

## Part VII: Registrant Certification

The registrant *and* the individual(s) responsible for actually preparing the registration must sign this part. A registration will be considered incomplete unless all required signatures are provided.

"I have personally examined and am familiar with the information submitted in this registration, including all attachments thereto, and I certify that, based on reasonable investigation, including my inquiry of those individuals responsible for obtaining such information, that information is true, accurate and complete to the best of my knowledge and belief;

"That this registration is on complete and accurate forms as prescribed by the commissioner, without alteration of their text;

"That I have read the General Permit for the Discharge of Vehicle Maintenance Wastewater issued by the commissioner on January 23, 2001 that each discharge which is the subject of this registration is eligible for authorization under such permit; that if such discharge is an existing discharge, it complies with all applicable requirements of such permit; and that, if necessary, a functioning and effective system or equipment is in place to ensure that all such requirements are complied with so long as each such discharge continues;

"That written approval from the POTW Authority with jurisdiction over the receiving POTW has been granted;

"I understand that a false statement made in the registration, including all attachments thereto, may, pursuant to section 22a-6 of the General Statutes, be punishable as a criminal offense under section 53a-157b of the General Statutes, and may also be punishable under section 22a-438 of the General Statutes and any other applicable law."

# Attachment D: Professional Certification

(Required for authorization under the *General Permit for the Discharge of Vehicle Maintenance Wastewater*)

For all discharges of vehicle maintenance wastewater to a collection and/or treatment system that meets the specifications of subdivision 5(a)(1) of the *General Permit for the Discharge of Vehicle Maintenance Wastewater*, except for those discharges previously authorized by a valid individual permit issued in accordance with section 22a-430 of the Connecticut General Statutes or by the Car Wash or Vehicle Service Floor Drain Wastewater General Permit issued by the Commissioner on December 7, 1989, the following certification, signed by a certified hazardous materials manager or professional engineer licensed to practice in Connecticut, shall be submitted at the time of registration after installation of such system:

"I certify that in my professional judgement, a treatment system meeting the specifications listed in subsection 5(a)(1) has been properly installed to treat the discharge(s) which are the subject of this registration. I further certify that all open floor drains that receive vehicle maintenance wastewaters at this facility are directed to the treatment system. Additionally, I certify that there are no unpermitted open floor drains at this facility. This certification is based in part on my review of engineering reports and plans and specifications describing the proposed treatment system and activities creating the discharge and a visual inspection by myself or an employee under my supervision or someone under my direct supervision conducted on

\_\_\_\_\_  
(Date of Inspection)

of the treatment system after it was installed.

I further certify that if the treatment system was installed after June 1, 2001, the visual inspection of the system was performed prior to backfilling. I am aware that there are significant penalties for false statements in this certification, including the possibility of fine and imprisonment for knowingly making false statements."
