

FY2008 Destinations and Amounts of MSW Recyclables Reported Sent out from Connecticut Solid Waste (SW) Facilities Permitted to Process Source Separated MSW Recyclables

Tonnages presented in the tables below are based on data submitted to the Connecticut Department of Environmental Protection by Connecticut Solid Waste Recycling Facilities as entered into the CT DEP Solid Waste Database as of 5/7/2010. **Questions, Comments, Corrections, etc.** Please E-mail [Judy Belaval](mailto:Judy.Belaval@dep.state.ct.us) at the CT DEP Bureau of MM&CA or call at (860) 424-3237

Defintions for Destination Types Listed in Table 1

- End User:** Manufacturer, paper mill, etc.
- Recycling Facility:** A facility which processes recyclable material to market specifications and markets the material.
- Broker:** A company which markets the recyclables – usually based on material quality, market conditions, best price, etc.
- Scrap Metal Processor:** A company which process and markets scrap metal
- Volume Reduction Plant:** A permitted CT VRP also permitted to process and market source separated recyclables
- Composting Facility :** A facility which composts source separated organic wastes and produces a soil amendment product.

Types of Recyclables Reported Sent Out from CT SW Facilities
