

Instructions for Worksheet # 3: Property Recovery Actions

Property Recovery Actions (Worksheet #3)

[Worksheet # 3](#) provides a list of typical property recovery actions. Considering the project goals and the potential reuse for a property, review the property recovery actions described in Worksheet # 3 and identify those actions that are appropriate for your circumstances. This is not an exhaustive list of property recovery actions. You should add new actions or variations on actions presented as appropriate.

Project Name/Identifier

Enter the name for your project that was used on Worksheet # 1a.

Property Recovery Actions

Review the list of [property recovery actions](#) and determine whether one or more actions are appropriate for further consideration. Check the appropriate box for each property recovery action on the worksheet as either being eliminated or retained for further consideration. For each property recovery action identified for further consideration, provide the information requested. For each recovery action eliminated, provide a brief description of the reason for eliminating the recovery action from further consideration.

If a property recovery action is being considered that does not fit into the categories listed on the spreadsheet, add additional property recovery actions as appropriate.
