# NO MORE COPIES!

## Details:

- Generators AND Receiving Facilities
- Do not send copies to DEEP
  - ✗ No pages or copies from the manifest form
  - ✗ No photocopies of any part of the manifest
  - ✗ Not for RCRA hazardous waste
  - ✗ Not for PCBs (TSCA and CT-Regulated Waste (CR01))
  - ✗ Not CT-Regulated Waste (“CROX codes”)
  - ✗ Bills of Lading
  - ✓ Exception: unresolved discrepancy reports

# Electronic Recordkeeping

No paper manifest records needed at your facility

- \* If you can access E-Manifest system at your facility
- \* for manifests dated 6-30-18 and thereafter

Details for e-recordkeeping:

- ❖ Your facility needs an EPA ID number
- ❖ Facility staff are:
  - registered in RCRAInfo and
  - have permissions approved for your facility
- ❖ Facility has computer / device(s) capable of accessing RCRAInfo

# DEEP Recommends:

## All Generators should consider registering

- Correct mistakes that can trigger other requirements
  - (e.g. CT Property Transfer Program)
- View and track manifest real time, 24/7/365 from anywhere
- “myRCRAid”: make changes to site info on line
- Not registered means:
  - Can’t make corrections or use myRCRAid
  - Cannot see the manifest until it is published 90+ days later
  - Higher costs may be passed on to generator for using paper manifest

## Register a “Site Manager” now

- E-Manifest will connect to Site Managers automatically 6-30-18
- Site Managers then approve others for your facility 24/7/365/anywhere:
  - Facility staff, transporters, brokers, etc.

# Next Steps:

- DEEP is developing policies to document these considerations prior to e-Manifest launch
  - No copies required to be submitted 
  - E-recordkeeping
- DEEP will later adopt E-Manifest rules and make associated changes in CT regulations
