

No More Manifest Photocopies

New Policy for All Generators:

No longer required to submit to DEEP a photocopy of the manifest.

- as of September 29, 2015 - see [website posting](#)
- *Still required to maintain a copy of the manifest onsite for 3 years*
- RCSA 22a-449(c)-102(b)(3)(B) - Generator Requirements

No More Manifest Photocopies

- History:
 - standard 6-page federal manifest form
 - One page is for the generator to keep (“Generator” copy)
 - No page to send to DEEP
 - CT required generator to photocopy and send to DEEP
 - CT still requires Designated Facility to submit copy to DEEP
 - WEED research: Designated Facility copy is sufficient
 - Eliminating the photocopy streamlines the paperwork burden for generators and DEEP
