

Directions to Access CSWSP Documents

CT-DEEP and MIRA have uploaded a number of documents to an FTP site for review and use by interested parties. These include:

- The 2015 Waste Composition Study (the report is in draft form but is being made available early for your use)
- Extensive technical drawings of the WPF and PBF (look for index documents to assist your review)
- The independent operational review and audit performed in 2013 by CohnReznick (a source of information on MIRA's operational expenses, staffing, etc.)
- Insurance inspection reports
- Performance reports
- Tonnages and performance data from all active CSWSP facilities
- RDF fuel analysis
- Process flow drawings

To access these documents, please go to <https://sfile.ct.gov/>

The user name is **DEEPRFPDOCS** and password is **rfp2015docs** (both are case sensitive).

If you have difficulty accessing these materials, please email DEEP.RFP@ct.gov.
