Modernizing the CT Solid Waste System Project RFP

Manhattan Construction Company founded in 1896, Manhattan Construction Company is ranked among the top construction firms in the nation with a \$15+ billion project portfolio.

The firm's services include Manhattan's trademarked Builder-Driven Pre-Construction[®], construction management, general building, and design/build.

Valoriza Servicios Medioambientales (VSM) (Est. 1982), a subsidiary company of Sacyr Group, is one of the world's leading companies in the operation of treatment and recovery plants, serving four million customers. VSM has successfully designed and constructed over 50 waste treatment facilities, and operates 41 of them in many countries.

It operates in the US through **Sacyr Environment USA.**
