# DEBRIS MANAGEMENT – THE SPRINGFIELD TORNADO

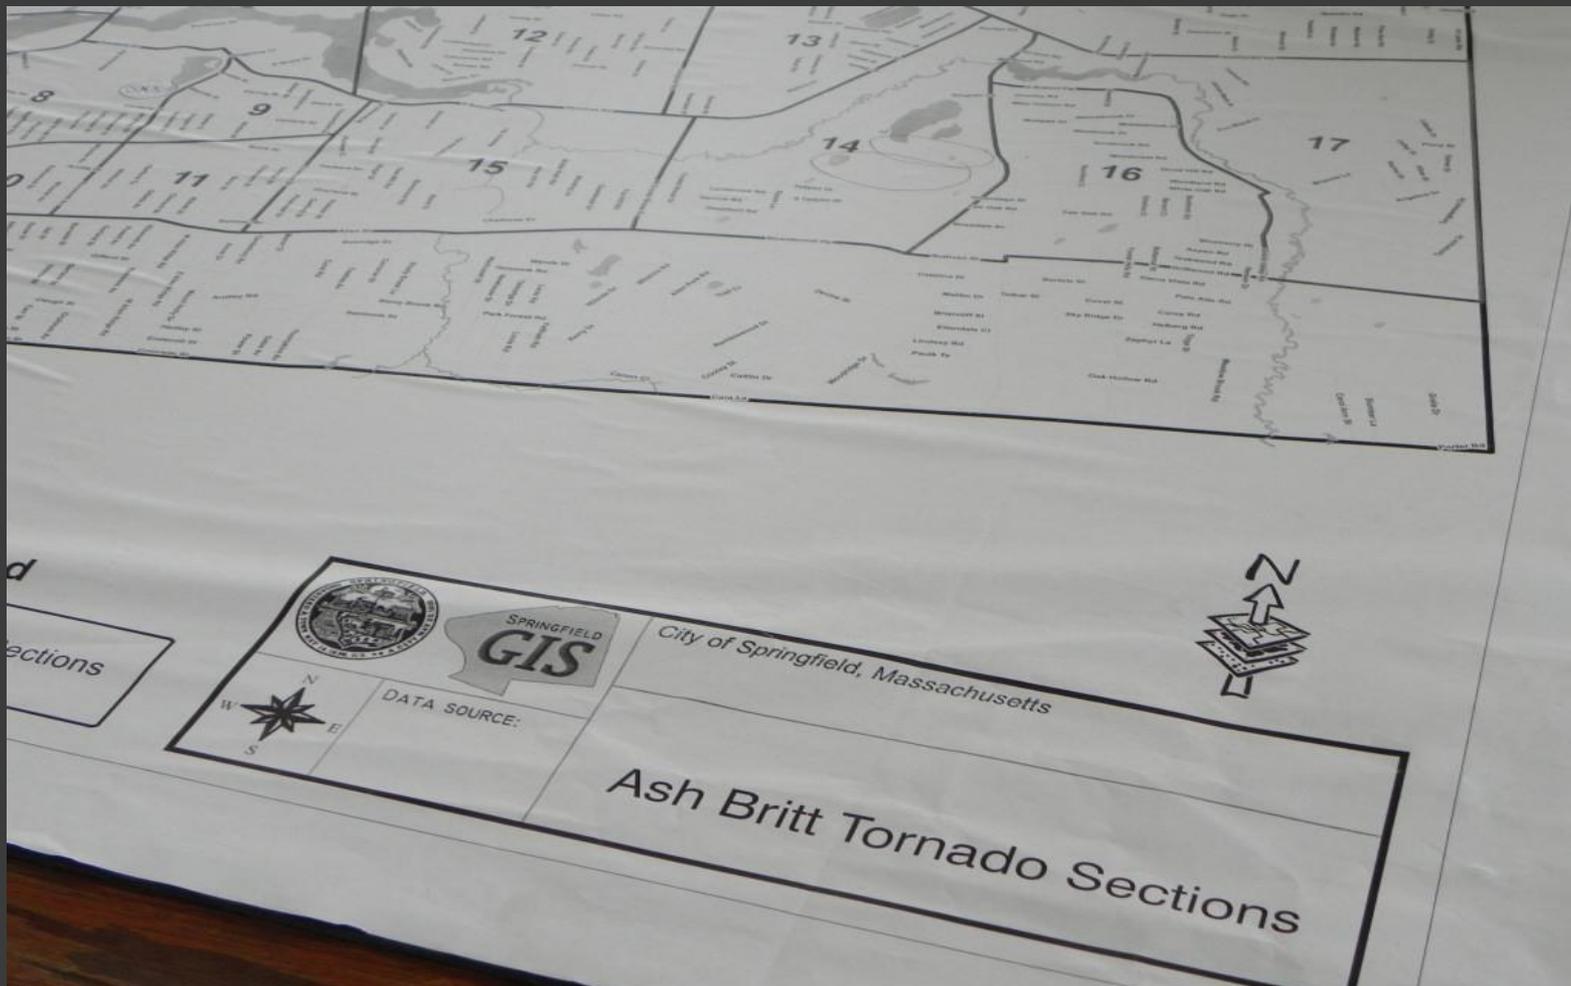

## LESSONS LEARNED

SOLID WASTE ADVISORY COMMITTEE , JUNE 28, 2011

# AshBritt Field Response Command Post

# Sectoring after initial damage assessment

# Green Waste 'TDSRS' (temp. debris storage & reduction site)

# Inspection Tower & Contractor ID

# C&D

# C&D

# Debris Management Challenges

# Additional Clean-up Responsibilities

# Lessons Learned

- MA allows towns to directly access a state debris clean-up contract. CT's contract currently does not allow, BUT...
- Continue to encourage municipalities to develop debris management plans;
- Have TDSRSs designated at both state and local levels;
- Comfort level with AshBritt as CT's on-call contractor.
