Statement of Proposed Compliance for Overdue Dam Inspections & Emergency Action Plans

Use this to inform DEEP of your proposed schedule for compliance with dam inspection requirements or for submitting an Emergency Action Plan (EAP) that meets the February 2016 regulatory requirements. Please be advised that DEEP is not authorized to grant extensions of due dates for inspections or EAPs. DEEP Dam Safety seeks to obtain compliance and avoid enforcement whenever possible. The information provided will be considered when determining the need to initiate or escalate enforcement.
