Re: Technical Revision to 1/4/11 Submittal

Dear Mr. Silva:

In the process of preparing the revisions to the Connecticut Water Quality Standards for public posting, it has come to my attention that the proposed Water Quality Standards submitted to the U.S. Environmental Protection Agency New England Region on January 4, 2010 contained an error. Therefore, I am writing to identify that error and correct it.

During review of the Hearing Officer's Report, Commissioner Marrella requested that the proposed addition of paragraphs 12(A)(ii) and 12(A)(iii) in Standard 12 be deleted as a result of public comment. Due to an administrative oversight, such change was not made. Therefore, we are now notifying you that we are making such change and the document posted on our website today will reflect such change.

We appreciate your understanding of this issue. Please do not hesitate to contact me if you have any questions.

Sincerely,

Betsey Wingfield
Bureau Chief
Bureau of Water Protection and Land Reuse
