

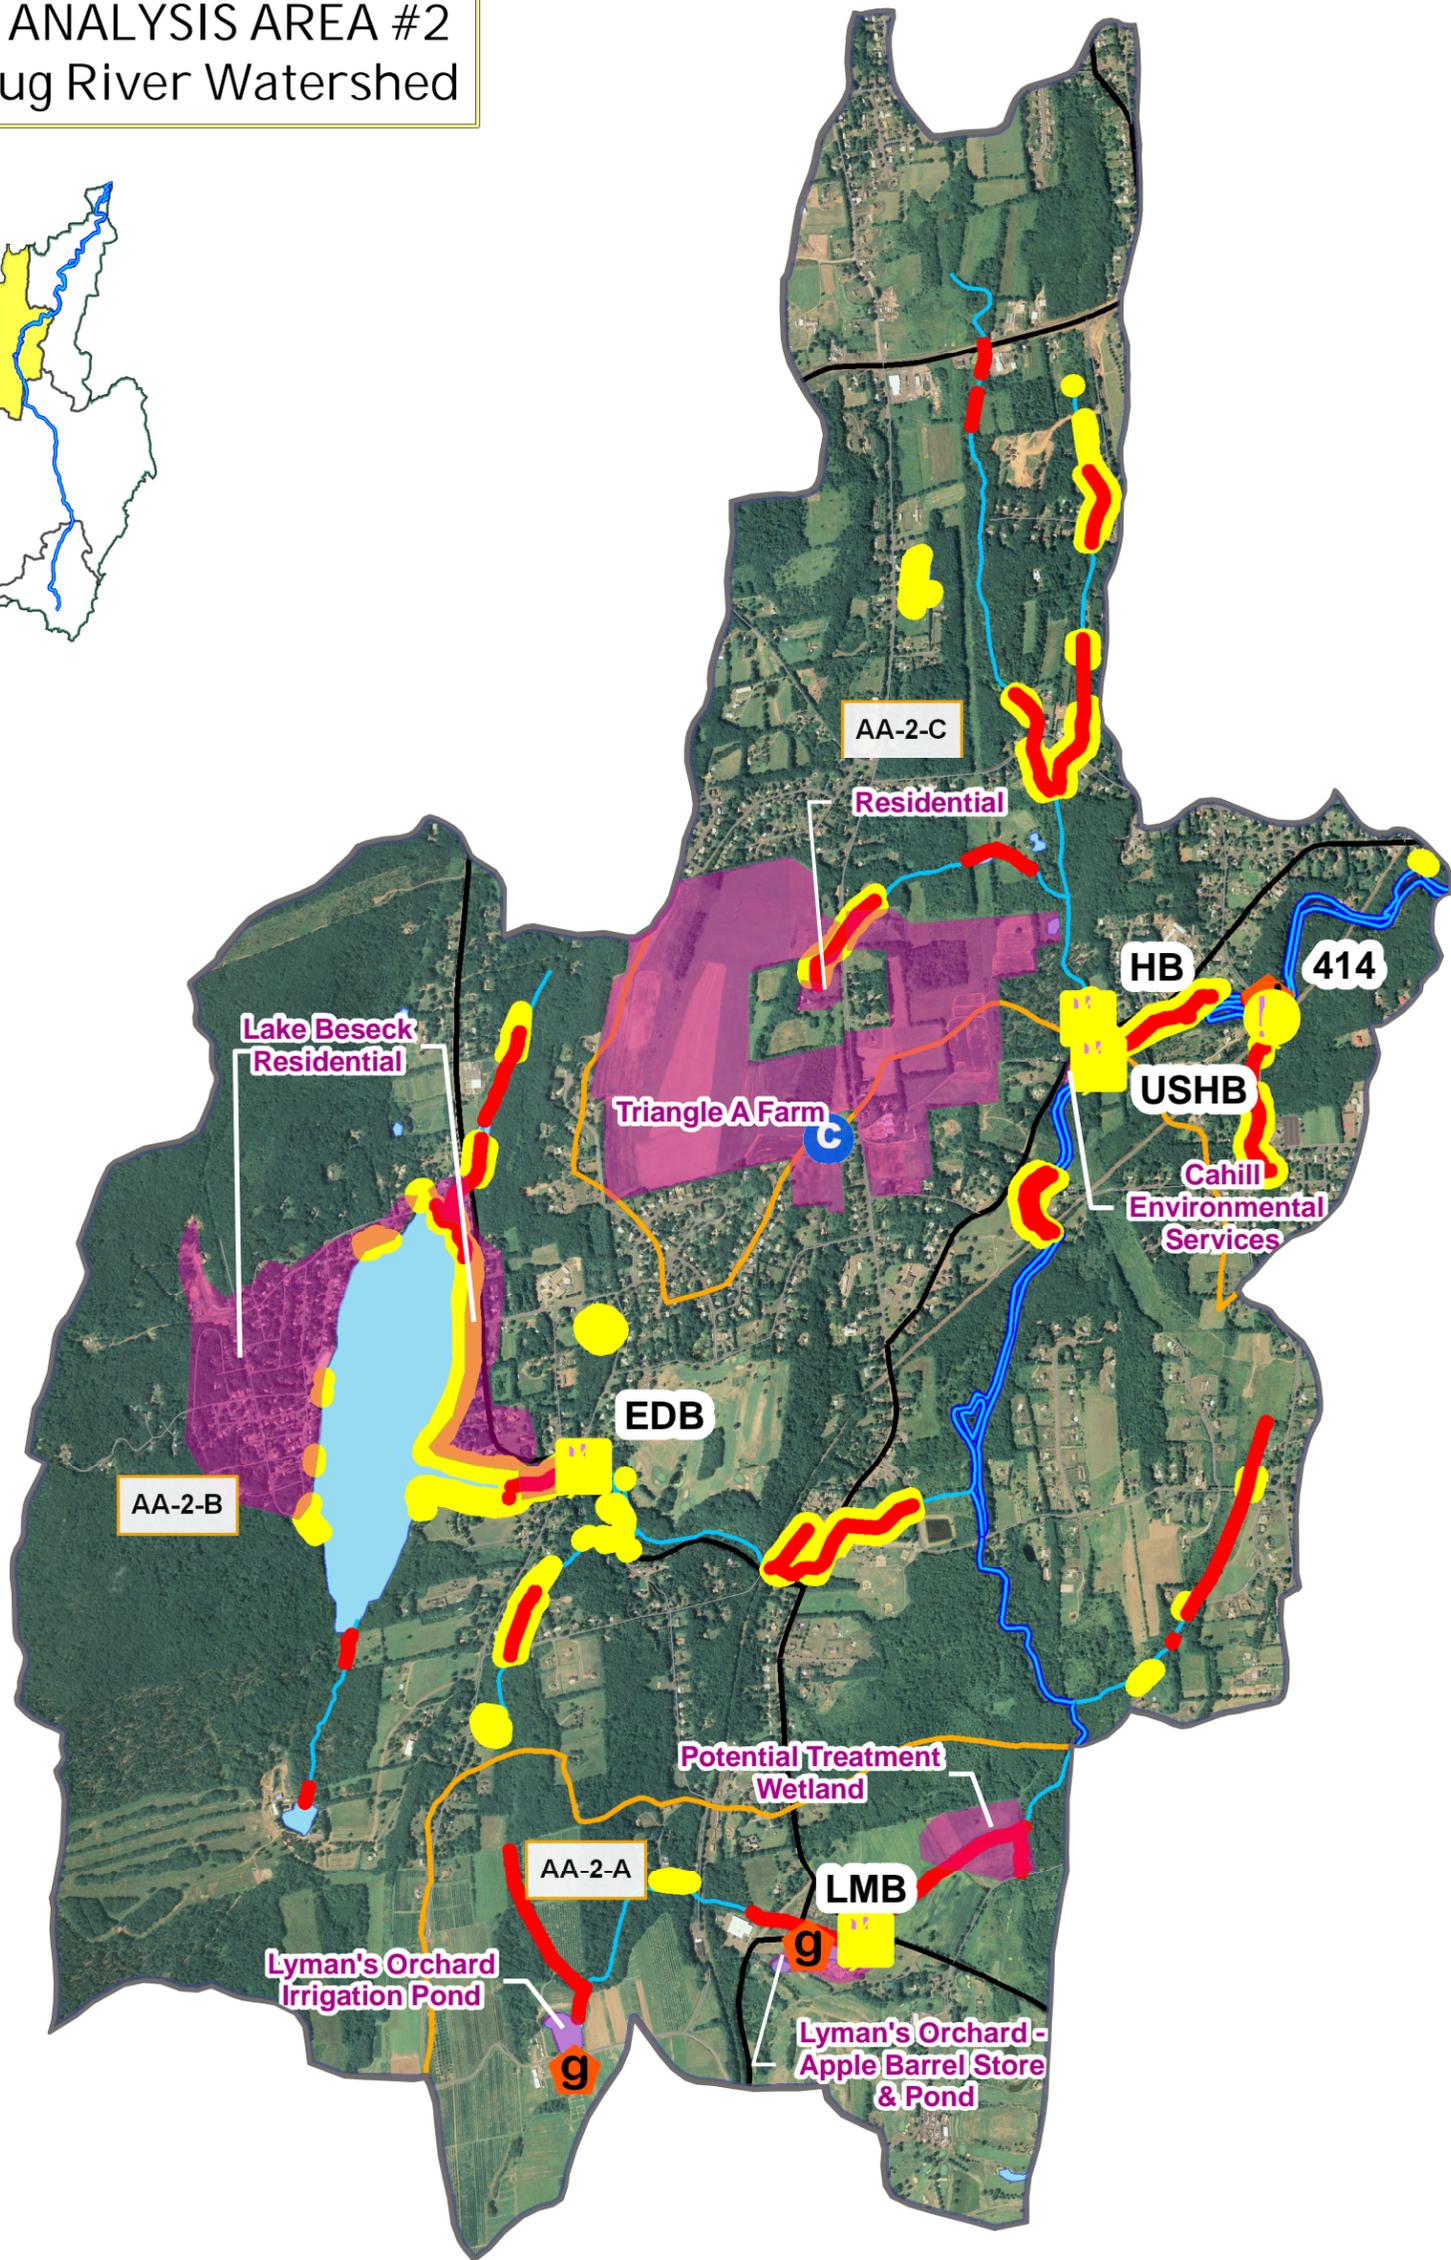

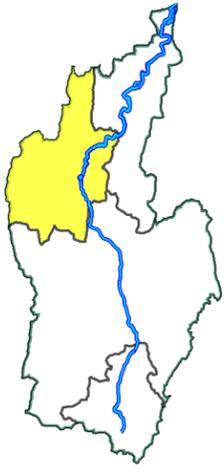

# MAP 26: ANALYSIS AREA #2 Coginchaug River Watershed

\* The locations of the "Site Specific BMP's" are approximate. Also, the polygons indicating unbuffered stream segments and areas of potential septic failure are not to scale - the exaggerated size was necessary to make the sites visible given the scale of the map.

<b>Potential Agricultural Sources of Waste</b> <ul style="list-style-type: none"> <li>Cows</li> <li>Horse Farms</li> <li>Sheep</li> <li>Chickens</li> </ul>	<b>Water Quality Monitoring Points</b> <ul style="list-style-type: none"> <li>Monitoring Points used in TMDL</li> <li>Ancillary Monitoring Points</li> </ul>	<b>Perennial Water</b> <ul style="list-style-type: none"> <li>Coginchaug River</li> <li>Other Streams</li> <li>Waterbodies</li> </ul>
