Gambling & The Workplace

Gambling is a popular form of recreation...

Most people who gamble also work at a job ...

One of your employees may have a gambling problem which can become your problem ...

Whether it's sports betting, casino gambling, poker, scratch tickets, animal racing, Internet gambling, office pools, etc - more and more people are gambling today than ever before ...

Someone at work may have a gambling problem if ...

- **Work performance deteriorates due to preoccupation and trouble concentrating.**
- **Absences are more frequent and unexplained.**
- **Pay in lieu of vacation is requested.**
- **Organizing betting opportunities is a frequent activity.**
- **Co-workers argue over borrowed money.**
- **Telephone/cell phone use is excessive.**
- **Mood swings seem linked to winning and losing.**
- **Personal bills are mailed to work.**
- **More time is spent gambling at lunch and coffee breaks.**
- **False claims are made against expense accounts.**
- **Money or saleable items are missing.**
