INFORMATIONAL PUBLICATION

Connecticut Income Tax Withholding Tables Effective March 1, 2003 through June 30, 2003

Purpose: The purpose of this Informational Publication is to provide the 2003 Connecticut income tax withholding tables effective March 1, 2003 through June 30, 2003. Employers must use these tables in determining the appropriate amount of Connecticut income tax to withhold from an employee's wages, based upon the filing status entered on **Form CT-W4**, *Employee's Withholding or Exemption Certificate*.

Effective Date: This publication is effective March 1, 2003.

Statutory Authority: Conn. Gen. Stat. §12-700, as amended by 2003 House Bill No. 6495, *An Act Concerning Modifications to Current and Future States Expenditures and Revenues* (January Session 2003).

Increase in Connecticut Income Tax Rate and "Catchup" Withholding Tables: Recent legislation increased the highest marginal Connecticut income tax rate from 4.5% to 5%. This increase is applicable to taxable years beginning on or after January 1, 2003. Employers must use these tables when calculating Connecticut income tax withholding on wages paid during the period March 1, 2003 through June 30, 2003. By using these tables, employers "catch-up" for the underwithholding which resulted from withholding at 4.5% instead of 5% for the first two months of the taxable year.

No Change to 3% Connecticut Income Tax Rate Bracket: The 3% Connecticut income tax rate bracket is unchanged for employees who:

- Checked Filing Status A, D, or F on Form CT-W4 and whose Connecticut taxable income is less than or equal to \$10,000;
- Checked Filing Status B on Form CT-W4 and whose Connecticut taxable income is less than or equal to \$16,000; and
- Checked Filing Status C on Form CT-W4 and whose Connecticut taxable income is less than or equal to \$20,000.

No Change to Personal Exemptions and Credits: The personal exemptions and credits provided in IP 2002(28), Connecticut Income Tax Withholding Tables, Effective

January 1, 2003 are unchanged. The personal exemptions and credits can also be found on the Department of Revenue Services (DRS) Web site at: www.drs.state.ct.us

New Tables To Be Issued: On or about June 1, 2003, DRS will issue new Connecticut income tax withholding tables for the period beginning July 1, 2003. These tables will reflect the 5% Connecticut income tax rate and the "catch-up" amounts will be removed.

Effect on Other Documents: IP 2002(28), Connecticut Income Tax Withholding Tables, Effective January 1, 2003, and IP 2000(11), Employer's Tax Guide - Connecticut Circular CT, are modified and superseded in part after the date of issuance of this Informational Publication.

Effect of This Document: An Informational Publication is a document issued by DRS that addresses frequently asked questions about a current position, policy, or practice, usually in a less technical question and answer format.

EMPLOYERS: Use **either** the **withholding calculation rules** on this page or the **withholding tables** (pages 3 through 10 of this publication) to determine the amount of tax to be withheld from the wages of employees. **There is no percentage method available for determining Connecticut withholding.**

Withholding Calculation Rules - Effective March 1, 2003 through June 30, 2003

The following steps will determine the amount of Connecticut income tax to be withheld from an employee's pay:

STEP

ACTION

- 1. Determine the employee's wage per pay period.
- **2.** Determine the number of pay periods in a year (for example, 52, 26, 24, 12).
- **3.** Determine annualized salary (Multiply Step 1 by Step 2).
- **4.** Determine employee's filing status (A, B, C, D, or F from Line 1 of **Form CT-W4**).
- 5. Using annualized salary (Step 3) and filing status (Step 4), determine exemption amount from **TABLE A EXEMPTIONS** (see DRS Web site).

Note: The personal exemption is reduced in increments of \$1,000. An employee with filing status "A" and an annualized salary of \$25,125 receives a \$10,000 exemption.

6. Determine annualized taxable income (Subtract Step 5 from Step 3).

NOTE: If annualized taxable income (Step 6) is equal to or less than zero, the initial withholding amount should equal zero. Proceed to Step 11.

7. Determine initial withholding amount from table below:

<u>STEP</u>

8. Using annualized salary (Step 3) and filing status (Step 4), determine decimal amount from TABLE B - PERSONAL TAX CREDITS (see DRS Web site).

ACTION

- 9. Multiply initial withholding amount (Step 7) by 1.00 minus the decimal amount (for example, 1.00 .14 = .86).
- **10.** Determine withholding amount per pay period (Divide Step 9 by Step 2).
- **11.** Determine additional withholding amount per pay period (Line 2 from **Form CT-W4**).
- **12.** Determine reduced withholding amount per pay period (Line 3 from **Form CT-W4**).
- **13.** Determine total withholding amount per pay period (Add Step 10 and Step 11) or (Subtract Step 12 from Step 10).

NOTE: For withholding rules for supplemental compensation (such as bonuses, commissions, overtime pay, sales awards, etc.), refer to *Supplemental Compensation* on page 12. For withholding rules on one-time or miscellaneous payments refer to *Withholding for Daily/Miscellaneous Amounts* on page 11 and substitute 5.0% (.05) for the 4.5% (.045) tax rate.

FILING STATUS: A, D or F

FILING STATUS: B

FILING STATUS: C

If the amount from Step 6 is less than or equal to \$10,000:

Multiply the amount from Step 6 by .03.

If the amount from Step 6 is more than \$10,000:

Multiply the excess over \$10,000 by .0525 and add \$300.00.

If the amount from Step 6 is less than or equal to \$16,000:

Multiply the amount from Step 6 by .03.

If the amount from Step 6 is more than \$16,000:

Multiply the excess over \$16,000 by .0525 and add \$480.00.

If the amount from Step 6 is less than or equal to \$20,000:

Multiply the amount from Step 6 by .03.

If the amount from Step 6 is more than \$20,000:

Multiply the excess over \$20,000 by .0525 and add \$600.00.

For example: If the amount from Step 6 is \$10,000 and the filing status is "F", the initial withholding amount equals $$300.00 ($10,000 \times .03 = $300.00)$.

If the amount from Step 6 is \$15,710 and the filing status is "F", the initial withholding amount equals \$599.78 (\$15,710 - \$10,000 = \$5,710 . \$5,710 x .0525 = \$299.78 . \$299.78 + \$300.00 = \$599.78).
