

STATE OF CONNECTICUT

OFFICE OF POLICY AND MANAGEMENT

February 22, 2010

The Honorable Nancy Wyman
State Comptroller
55 Elm Street
Hartford, Connecticut 06106

Dear Comptroller Wyman:

The following information on the State's General Fund for Fiscal Year 2009-2010 is provided in accordance with Section 4-66 of the General Statutes. In addition, an analysis of the Special Transportation Fund is included due to the significant nature of this fund. Expenditure estimates are as of January 31, 2010, while revenues reflect the January 15, 2010, consensus revenue forecast between this office and the Office of Fiscal Analysis.

We are currently estimating a deficit of \$503.9 million in the General Fund. This is a change of \$3.4 million from last month and is attributable to an adjustment in the resources of the General Fund due to refunds of escheated unclaimed property. This month's letter reflects no changes to projected General Fund revenues.

On the expenditure side, there is no net change to our projection that an additional \$193.65 million is needed to maintain operations in several agencies and meet the \$473.3 million lapse requirements in PA 09-3 of the June Special Session. These additional requirements include the impact of \$51.0 million in savings as a result of the Governor's November allotment rescissions. A net deficiency of \$133.1 million is projected in the Department of Social Services. This includes a projected deficiency of \$136.5 million in Medicaid, \$16.0 million in Other Expenses, \$2.9 million in the Temporary Family Assistance program, \$1.2 million in the Charter Oak Health Plan, and \$1.2 million in the CT Home Care Program for Elders Program. These increases are partially offset by lapses in the Child Care subsidies and SAGA accounts. Most of this deficiency is related to entitlements which cannot be reduced without legislative action.

The Department of Correction is currently projected to have a \$19.5 million deficiency: \$13.5 million in Other Expenses and \$6.0 million in Workers' Compensation Claims. The Other Expenses shortfall is the result of applying bottom line lapse amounts necessary to implement requirements of PA 09-3 compounded with a reduced appropriation that reflects anticipated savings through the establishment of various correctional policies to manage the prison population. The Workers' Compensation Claims account shortfall is due to an appropriation \$2.0 million below what was previously expended in FY09 as well as increased medical expenditures. A net deficiency of \$7.8 million is anticipated in the Department of Developmental Services. The deficiency is comprised of \$1.3 million in Other Expenses due to higher than budgeted costs, \$9.0 million in Early Intervention resulting from significant caseload growth, \$2.0 million in Workers' Compensation Claims due to higher than budgeted monthly claims and \$1.1 million in Voluntary Services due to unbudgeted caseload growth. These deficiencies are partially offset by a lapse in the Personal Services

account. A net deficiency of \$10.6 million is anticipated in the Department of Mental Health and Addiction Services. The deficiency is comprised of \$9.0 million in Other Expenses due to higher than budgeted costs, \$2.1 million in Professional Services due to higher than budgeted contracted medical services for DMHAS inpatients, \$2.0 million in General Assistance Managed Care to support caseload growth beyond budgeted levels and \$4.0 million in the Discharge and Diversion account for unbudgeted costs of community placements. These deficiencies are partially offset by lapses in the Personal Services and Behavioral Health Medications accounts. The Department of Public Health is projecting a deficiency of \$5.5 million: \$3.0 million in Personal Services for "Reinvention Savings" and \$2.5 million in Other Expenses.

The Department of Public Works is projecting the following deficiencies: \$2.65 million in Other Expenses, \$1.0 million in Property Management Services, \$700,000 in Facilities Design Expense, and \$2.3 million in Rents and Moving as a result of the required contract savings and the reductions to FY 07 levels included in the budget. The Department of Public Safety will experience a shortfall of \$2.0 million in Other Expenses, \$1.7 million in Workers' Compensation Claims, and \$3.3 million in the Fleet Services account due to the application of the bottom line contract savings required in PA 09-3, JSS. This account provides funding for the acquisition of Department of Public Safety vehicles, primarily patrol cars for the Division of State Police, and the appropriation was sufficient to pay only for existing vehicles for the Department. The Department of Information Technology is projecting a deficiency of \$1.0 million in its Other Expenses account due to higher than budgeted lease and utilities costs. Additional funding of \$2.5 million is required in the Workers' Compensation Claims account in the Department of Administrative Services due to increases in the average cost per claim.

This month's letter reflects no changes to projected Transportation Fund revenues.

It should be noted that while these projections are the best that can be made at this time, estimates may have to be adjusted to reflect changes in the economy, expenditure patterns and/or other factors.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert L. Genuario", with a long horizontal flourish extending to the right.

Robert L. Genuario
Secretary
