

STATE OF CONNECTICUT OFFICE OF POLICY AND MANAGEMENT

October 19, 2015

The Honorable Kevin Lembo State Comptroller 55 Elm Street Hartford, Connecticut 06106

Dear Comptroller Lembo:

The following information on the state's General Fund for fiscal year 2016 is provided in accordance with Section 4-66 of the General Statutes. In addition, an analysis of the Special Transportation Fund is included due to the significant nature of this fund. Note that our projections reflect the state's estimated year-end balance from operations in accordance with Generally Accepted Accounting Principles (GAAP).

General Fund

Overall, we are projecting an anticipated year-end shortfall from operations of \$118.4 million, due primarily to revised revenues estimates. Last month our forecast reduced anticipated Personal Income Tax receipts due to the impact of stock market volatility on the estimates and finals component of that tax source. This month, our forecast further reduces anticipated Personal Income Tax revenues due to slower than budgeted growth in the withholding component of the tax. My office is developing an approach for addressing the shortfall.

Note that our forecast does not reflect the impact of an anticipated 50 percent increase in Medicare Part B premiums. In the absence of action on the part of Congress or the federal Department of Health and Human Services to prevent an increase, Federal Grant revenue would be reduced by \$25 million in FY 2016 and \$50 million in FY 2017 to reflect the impact related to individuals dually eligible for Medicare and Medicaid, and expenditures for the retired state employee health plan would face an increase of \$4.5 million in FY 2016 and \$10 million in FY 2017. My office continues to monitor this issue and future forecasts will be updated as necessary.

Revenues

As noted above, estimated revenues have been revised downward by \$117.4 million from the level reported last month. The largest change is in the Personal Income Tax, down \$109.3 million, due to a reduction in the projected growth rate in the withholding component of this tax from 5.2% to 3.2%. All other changes net to a negative \$8.1 million. Note that data for several tax sources will be available in the next few weeks which may necessitate updates as we develop the consensus revenue forecast which is due November 10th.

Expenditures

Overall, expenditures are \$94.3 million below the budget plan, after application of rescissions issued in September. The following deficiencies are forecast:

- Office of the Chief Medical Examiner. A total shortfall of \$400,000 is estimated, consisting of \$300,000 in Personal Services and \$100,000 in Other Expenses.
- Office of Early Childhood. A \$6.5 million deficiency in the Birth to Three program is forecast due to caseload increases and increased utilization of more costly services.
- Public Defender Services Commission. A total shortfall of \$1.6 million is projected. Of this \$1.2 million is in the Assigned Counsel Criminal account due to an increased number of habeas corpus petitions following passage of P.A. 12-115, which places time limitations on filing such petitions. The Expert Witnesses account will have a projected \$0.4 million shortfall due both to P.A. 12-115 as well as a Connecticut Supreme Court decision requiring the agency to pay for reasonably necessary expert witnesses when requested by pro se indigent defendants in criminal cases.

Additionally, our office is monitoring the achievement of significant lapses built into the adopted budget, which will present significant management challenges for agency heads. Note that our expenditure estimate reflects achievement of \$14.8 million of the budgeted MORE lapse.

Special Transportation Fund

Transportation Fund revenues remain unchanged from last month's forecast. Estimated expenditures remain unchanged in the aggregate relative to the adopted budget; a lapse of \$3.9 million in Debt Service will satisfy a portion of the budgeted Unallocated Lapse. We anticipate the fund balance on June 30, 2016 to be \$212.8 million.

It is important to note that while this represents the best forecast that can be made at this time, estimates may need to be revised to reflect the impact of changes in the economy, expenditure patterns, and/or other factors.

Sincerely,

Benjamin Barnes

Secretary
