CITY OF HARTFORD

DEPARTMENT OF FINANCE  
550 Main Street, Room 303  
Hartford, CT, 06067

LUKE A. BRONIN  
Mayor

Telephone: (860) 757-9600  
Fax: (860) 757-6571  
[www.hartford.gov](http://www.hartford.gov)

LEIGH ANN RALLS  
Director of Finance

The Honorable Mayor Luke A. Bronin,  
and Court of Common Council  
City of Hartford, Connecticut

December 26, 2018

Dear Mayor and Members of Council:

In accordance with Chapter VIII, Section 5. (a)(1)(iv) of the City of Hartford's Charter, I am pleased to submit the Comprehensive Annual Financial Report (CAFR) of the City of Hartford (City) for the fiscal year ended June 30, 2018. This report was prepared in its entirety by the Department of Finance. Responsibility for the accuracy of the data and the completeness and fairness of the presentation of the financial statements, supporting schedules and statistical tables rests with the City. To the best of our knowledge and belief, the information provided is accurate in all material respects and is reported to present fairly the financial position of the City as of June 30, 2018. I extend my sincere appreciation and gratitude to our dedicated employees in the Department of Finance and throughout the City for their significant efforts that have resulted in the presentation of this FY2018 CAFR.

The CAFR is designed and prepared in conformance with Generally Accepted Accounting Principles (GAAP) for governmental units as well as the standards of financial reporting promulgated by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants (AICPA) and the laws of the State of Connecticut. This CAFR is consistent with the principles of full disclosure so that the reader may gain the maximum understanding of the City's financial affairs.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the Management Discussion & Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with the MD&A. The City's MD&A can be found immediately following the Report of the Independent Auditors.

**550 Main Street  
Hartford, Connecticut 06103  
Telephone (860) 757-9500  
Facsimile (860) 722-6606**

The City is required to undergo an annual Single Audit in conformity with the provisions of the Federal Single Audit Act and United States Office of Management & Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations". Information related to this Single Audit, including the Schedule of Expenditures of Federal Awards, Findings, Recommendations and Auditors' Reports on the Internal Control over Financial Reporting and Compliance with Applicable Laws and Regulations are issued under separate cover and are not included in this CAFR. The City is also required to undergo a State Single Audit. Information and reporting related to the State Single Audit is also issued under separate cover.

## PROFILE OF THE CITY

The City was founded by Thomas Hooker and his followers in 1635 and was incorporated in 1784. The City is the Capital of the State of Connecticut. Hartford has an estimated 123,400 residents in its 18.4 square mile area, and is the employment and cultural center of a metropolitan area with a population of over one million people. The City lies on the west bank of the Connecticut River in the center of the State, midway between New York City and Boston.

The Mayor is the Chief Executive Officer. The Court of Common Council (Council) is comprised of nine members who are elected at large to serve a four-year term in odd numbered years on a partisan basis. The Mayor, who is elected directly to serve a four-year term, acts upon ordinances and resolutions adopted by Council by approving, disapproving or taking no action. The Board of Education (BOE) is composed of nine members; five appointed by the Mayor and four elected by the voters, all to serve a four-year term. The BOE operates independently of the Council. The City Treasurer is independently elected to serve a four-year term and serves without vote as the Secretary of the City's Pension Commission. The Chief Operating Officer (principal administrative aide of the Mayor), Chief Financial Officer, Corporation Counsel, City Clerk, department heads and members of all boards, commissions, agencies and authorities are appointed by the Mayor subject to Council confirmation, with the exception of the Pension Commission.

The City provides a broad range of services including public safety, street and road maintenance, flood control, solid waste collection, health, social services, parks and recreation, education, planning, development, zoning and general administrative services. The services the City provides originate from a variety of departments and offices as follows:

*Mayor's Office*

*City Treasurer*

*Hartford Public Schools*

*Corporation Counsel*

*Office of the Chief Operating Officer*

*Families, Children, Youth & Recreation*

*Development Services*

*Emergency Services & Telecommunications*

*Finance*

*Management, Budget & Grants*

*Metro Hartford Innovation Services*

*Court of Common Council*

*Registrar of Voters*

*Hartford Public Library*

*Town and City Clerk*

*Internal Audit*

*Public Works*

*Health & Human Services*

*Fire*

*Human Resources*

*Police*

**550 Main Street  
Hartford, Connecticut 06103  
Telephone (860) 757-9500  
Facsimile (860) 722-6606**

The services the City provides its residents and businesses also support the seat of State government, several higher education institutions, and the region's health care hub.

## CONTRACT ASSISTANCE, MUNICIPAL OVERSIGHT & LONG TERM FINANCIAL PLANNING

Over the past three years, the City has focused on confronting an acute fiscal crisis, achieving fiscal stability, and moving toward long-term fiscal sustainability. Through substantial cuts to services and personnel, renegotiation of labor contracts, and new partnerships with the city's corporate community and the state of Connecticut, the city has achieved stability and has adopted a five-year Municipal Recovery Plan for maintaining fiscal stability.

In December 2017, the City of Hartford requested Tier 3 designation under the Municipal Accountability Review Board (MARB) in order to access additional tools in achieving long term fiscal sustainability, in exchange for accountability and oversight. The City was approved as a Tier 3 municipality in 2018. As a Tier 3 municipality under MARB oversight, the City of Hartford is required to submit and present monthly financial reports at a public meeting to ensure the City is operating responsibly consistent with its broader financial plan. The City's General Fund recommended budget must be reviewed by the MARB on an annual basis and the revenue assumptions must be approved by the MARB. Labor agreements or arbitration awards must also be reviewed by the MARB.

In March 2018 the City entered into a Contract Assistance Agreement with the State of Connecticut to service current general obligation debt on an annual basis until such debt is retired. This agreement is backed by the full faith and credit of the State of Connecticut. Under the contract assistance agreement, the City of Hartford has accepted limitations on the issuance of new debt and must fully fund the Municipal Employee Retirement Fund (MERF) actuarially determined employer contribution (ADEC). The City is also precluded from accumulating general fund operating deficits above certain thresholds, as determined by the MARB.

The City of Hartford provided its 5-year Municipal Recovery Plan to the MARB in March 2018, comprised of revenue and expenditures assumptions, contract assistance for debt service, labor savings, economic development goals and initiatives to generate grand list growth, as well as revenue and expenditure initiatives, which together enable a pathway to fiscal balance. The MARB reviewed the Municipal Recovery Plan and approved it in June of 2018. The City will resubmit an updated Municipal Recovery Plan annually in concert with the Mayor's Recommended General Fund Budget.

The City's long-term financial planning is conducted in six primary areas during the annual budget process. The six primary areas are:

<i>General Fund</i>	<i>Capital</i>
<i>Internal Service Funds</i>	<i>Vehicles and Equipment</i>
<i>Pension</i>	<i>Debt</i>

In the five-year Municipal Recovery Plan, the city has shifted from the use of debt in financing future infrastructure maintenance and enhancements and ongoing construction to a Pay-As-You-Go capital expense program. Bricks and mortar and longer-lived projects are identified and tracked using a five-

**550 Main Street  
Hartford, Connecticut 06103  
Telephone (860) 757-9500  
Facsimile (860) 722-6606**

year Capital Improvement Plan (CIP). Project requests are received and reviewed by a capital planning committee comprised of various department heads or their designees. The five-year CIP, including each individual project, is adopted annually upon the recommendation of the Mayor and approval by Council. The first year of the five-year CIP is adopted and authorized annually as the “Capital Budget.” The second through the fifth year of the five-year Capital Improvement Plan is adopted as “planned” without authorization to spend.

The CIP is comprised of essential capital needs, with priority placed on maintaining and preserving critical infrastructure such as: streets, sidewalks and bridges, educational facilities, municipal facilities, parks, levies and public safety structure and equipment. A close look at the City’s capital infrastructure reveals an extensive network of assets requiring careful consideration to balance priorities. Four main criteria are considered for all projects including: investments that preserve the City’s existing capital assets, items of criticality and those that present a material risk, projects that are essential to government functions or enhancements to quality of life, and projects that prioritize health and safety.

In addition to the selection of individual capital projects included in the five-year Capital Improvement Plan, sources of funding are identified including state and federal grants as well cash contributions. Simultaneous with the five-year capital plan, a vehicle and equipment replacement plan is formulated and reviewed annually. The requested items are reviewed and approved by the capital planning committee and the appropriate funding sources are identified: cash contributions and/or capital leases.

These discrete planning areas provide inputs for the General Fund long-term planning process. General Fund revenues and expenditures are forecast for five years by both function and category. The long-term planning process is driven not only by affordability, but by the City's core goals and objectives to maintain its infrastructure, provide essential services that support a safe and healthy community for residents, business, and visitors. In addition, the City continuously strives to enhance its fiscal administration by reviewing existing policies and procedures, revising as necessary, and creating new policies and/or procedures that support our evolving environment.

## ECONOMIC DEVELOPMENT

As the City works to achieve long-term fiscal sustainability and strength, it has pursued a deliberate and aggressive economic development strategy, focused on the development of residential units in the downtown, a range of mixed use developments and infrastructure improvements in neighborhoods, and the cultivation of a more vibrant innovation ecosystem building on the City’s long-standing strengths in insurance, advanced manufacturing and healthcare.

Working in partnership with the Capital Region Development Authority (CRDA), the City has pursued the redevelopment and residential conversion of multiple long-vacant commercial buildings in the downtown. Projects that have been completed to date have maintained near full occupancy, and development efforts are now shifting beyond conversions to new ground up development. The objective is to achieve sufficient density of residential development in the downtown area, in order to attract and retain the amenities necessary to sustaining a more vibrant urban center.

**550 Main Street  
Hartford, Connecticut 06103  
Telephone (860) 757-9500  
Facsimile (860) 722-6606**

Beyond the downtown, work is underway on the final phase of the redevelopment of the historic Colt armory complex, the redevelopment of two postwar housing developments at Bowles Park and Westbrook Village, and the rehabilitation of the long vacant Swift factory. In Parkville, construction has begun to transform the old Lyric Theatre into a new library, and a market-style food court is being built near the CTfastrak stop. The City is also pursuing multiple development projects located in the ten Opportunity Zones designated earlier this year. In addition, public infrastructure projects are underway and planned, including an extensive streetscape project on Albany Avenue, the City's most-traveled corridor, another streetscape project on Bartholomew Avenue, as well as the reconstruction of Weaver High School and Martin Luther King school, in the Blue Hills and Upper Albany Avenue neighborhoods.

Finally, the City, in partnership with private sector stakeholders, CT Next and CT Innovations, has pursued a three-pronged strategy to cultivate an innovation ecosystem that both attracts new employers and encourages existing employers to invest in innovation and growth in Hartford. Over the past year and a half, those efforts have built momentum, with all major Hartford-based insurers participating in the Hartford InsurTech Hub, Stanley Black & Decker establishing an advanced manufacturing accelerator and locating the company's innovation team in downtown Hartford. The City anticipates that a digital health accelerator will be formally launched in the coming months.

Reinforcing the work done thus far to develop Hartford as an innovation hub, Infosys, a global technology consulting company, recently decided to make Hartford one of a handful of its innovations hubs in the U.S., which is part of their push to hire 10,000 American workers. The Infosys hub, a \$21 million development, will bring an expected 1,000 jobs in Hartford by 2022. Crucially, Infosys has begun to build relationships with local education institutions to create pipelines of opportunity for young people in the area.

## RELEVANT FINANCIAL POLICIES

The Department of Finance encompasses seven divisions: Administration, Accounting & Control, Human Relations, Procurement, Risk Management, Tax Assessment, and Tax Collection. The Department's major responsibilities include general accounting and financial reporting, accounts payable, risk management (other than employee benefits), property assessment, tax collection, debt administration, the procurement of goods and services, contract compliance, administrative support for City boards and commissions, and payroll and revenue budget preparation in conjunction with the Office of Management, Budget & Grants. The Director of Finance is an appointee of the Mayor, subject to confirmation by the Council.

### Internal Controls

All financial transactions are subject to pre-audit before processing as well as an annual audit by an independent auditing firm selected by the Council. The independent auditor and staff from the Finance Department's Accounting & Control Division monitor financial policies and procedures prescribed by the Director of Finance for the City's various departments. Within this framework, we believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording and reporting of financial activity.

**550 Main Street  
Hartford, Connecticut 06103  
Telephone (860) 757-9500  
Facsimile (860) 722-6606**

### Budgetary Control

Centralized budgetary control of encumbrances and disbursements against appropriations is maintained by department, by major program or activity and by principal object of expenditure with oversight of the City's Office of Management, Budget & Grants. The BOE budget is controlled only as to its total appropriation. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Council.

### Cash Management

During the fiscal year, idle cash was invested in legally permitted investments on a short-term basis by the City Treasurer as the fiduciary for all City funds. Connecticut Statutes restrict the investment of municipal funds to direct and indirect securities of the United States Government and certificates of deposit issued by commercial banks located within the State. Bank certificates of deposit are a component of the City's short-term investment portfolio. However, money market fund investments in a portfolio of United States Treasury securities, and the Short Term Investment Fund (STIF) administered by the Office of the State Treasurer represent the major share of the City's short-term investments.

### Risk Management

The City has established a risk management program to account for and finance risk of loss for employee benefits, workers' compensation, and general liability, including property damage. Commercial insurance is purchased for claims in excess of amounts determined to be self-insured under the program. Internal service funds are maintained for each of the risk management programs and funding is received from the General Fund. Settlement claims have not exceeded either the self-insured retention or the commercial coverage in any of the past three fiscal years.

## AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended June 30, 2017. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized CAFR that satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe that this CAFR continues to meet the Certificate of Achievement Program's requirements and will submit it to the GFOA to determine its eligibility for another Certificate of Achievement for Excellence in Financial Reporting.

The preparation of this CAFR would not have been possible without the significant efforts of staff in the Finance Department. I express my sincere appreciation to all the members of the Finance Department, especially the entire Accounting & Control Division who once again have successfully accounted for and reported the financial activities of our City. I also acknowledge the considerable contributions of the Office of Management, Budget, & Grants; Office of the City Treasurer; Hartford Public Schools; Hartford Public Library; and the Hartford Parking Authority.

**550 Main Street  
Hartford, Connecticut 06103  
Telephone (860) 757-9500  
Facsimile (860) 722-6606**

Finally, thanks are extended to the City's independent auditors, Blum Shapiro & Company P.C. for their efforts and counsel during the audit, CAFR preparation and submission process.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "L. Ralls", written in a cursive style.

Leigh Ann Ralls

## **Financial Section**

## **Independent Auditors' Report**

The Honorable Mayor and Members of the  
Court of Common Council  
City of Hartford, Connecticut

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Hartford, Connecticut's basic financial statements as listed in the table of contents.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut, as of June 30, 2018 and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Change in Accounting Principle and Restatements**

As discussed in Note 16 to the financial statements, during the fiscal year ended June 30, 2018, the City of Hartford, Connecticut, adopted new accounting guidance, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. The net position of the City of Hartford, Connecticut, has been restated to recognize the net other postemployment benefit liability in accordance with GASB No. 75. In addition, funds were reclassified as to type. Our opinion is not modified with respect to these matters.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the pension and OPEB schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hartford, Connecticut's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 26, 2018 on our consideration of the City of Hartford, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Hartford, Connecticut's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Hartford, Connecticut's internal control over financial reporting and compliance.

*Blum, Shapiro & Company, P.C.*

West Hartford, Connecticut  
December 26, 2018

**CITY OF HARTFORD, CONNECTICUT  
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED  
JUNE 30, 2018**

**FINANCIAL HIGHLIGHTS**

- The City's total net position increased \$60.4 million as a result of this year's operations. The net position of our governmental activities increased by \$55.6 million, or nearly 19%. The net position of our business-type activities increased by \$4.8 million.
- The City received \$40.0 million in capital grants and contributions related to school building construction grants from the State in support of the City's school renovation and construction projects, and for various public works projects.
- The total cost of the City's programs for the year was \$803.9 million.
- The General Fund reported a fund balance this year of \$4.9 million.
- The revenues available for appropriation and other financing sources were \$31.3 million more than budgeted for the General Fund and expenditures and other financing uses were \$18.7 million less than budgeted amount of \$612.9 million. The total fund balance increased \$0.4 million in the current year on a budget basis.
- Major factor that contributed to the \$31.3 million revenue surplus is the receipt of \$20 million of Municipal Restructuring Funds and \$11.8 million of Contract Assistance payments from the State of CT.
- Major items that contributed to the favorable expenditure budget variance of \$18.7 million are: citywide attrition savings, health claims experience, an increase in fringe chargebacks from grant sources, and general savings in non-personnel expenditures.
- The City shifted from the use of debt financing to a pay as you go capital expense model funded by the General Fund in the current fiscal year.
- The General Fund expended \$13.1 million on capital expenditures.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (Exhibits I and II, respectively) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements are presented in Exhibits III to IX. For governmental activities, these statements detail how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

**Government-Wide Financial Statements**

The analysis of the City as a whole begins on Exhibits I and II. The statement of net position and the statement of activities report information about the City as a whole and about its activities for the current period. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes. The City's net position, the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources, is one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. The reader should consider other non-financial factors such as changes in the City's property tax base and the condition of the City's capital assets, to assess the overall financial health of the City.

In the statement of net position and the statement of activities, the City is divided into three types of activities for accounting purposes:

- *Governmental activities* - This is where most of the City's basic services are reported, including education, public safety, public works, development and community affairs, human services, recreation and culture, and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.
- *Business - type activities* - The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's Hartford Parking Facilities Fund, the Hartford Stadium Authority (a blended component unit) and the Golf Courses are reported here.
- *Component units* - The City includes a separate legal entity in its report; the Hartford Parking Authority. Although legally separate, this "component unit" is reported because the City is financially accountable for them.

## **Fund Financial Statements**

The fund financial statements begin with Exhibit III and provide detailed information about the most significant funds - not the City as a whole. Some funds are required to be established by Charter. In addition to the Charter required funds, the Finance Department establishes other funds to organize, control and manage financial activities for specific purposes (e.g., Capital Improvement Fund) or to demonstrate that the City is meeting legal responsibilities for using grants, and other money (e.g., Educational Grants, Health Grants and Miscellaneous Grants Funds). The City's funds are divided into three categories for accounting purposes:

- *Governmental funds (Exhibits III and IV)* - Most of the City's basic services are reported in governmental funds, which focus on how resources flow into and out of those funds and the remaining balances at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are greater or fewer financial resources that can be spent in the near future to finance the City's operations and programs. The relationship between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation reported separately from the fund financial statements.
- *Proprietary funds (Exhibits V, VI, and VII)* - When the City charges a fee to customers for the services it provides, whether to other units of the City or non-City individuals or entities, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. In fact, the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities reported in the government-wide statements, but provide more detail

and additional information, such as cash flows, for proprietary funds. Internal service funds (the other component of proprietary funds) are used to report activities that provide supplies and services for the City's other programs and activities - such as the City's Self-Insurance Internal Service Funds and the City's Metro Hartford Innovation Services Fund.

- *Fiduciary funds (Exhibits VIII and IX)* - The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for other assets that, because of a trust arrangement, can be used only for the trust beneficiaries. All of the City's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position. These activities are excluded from the City's other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

The City's combined net position increased from a year ago by \$60.4 million. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the City's governmental and business-type activities.

**TABLE I  
NET POSITION**

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2018	as Restated 2017	2018	as Restated 2017	2018	as Restated 2017
Current and other assets	\$ 370,416	\$ 380,726	\$ 2,592	\$ 2,571	\$ 373,008	\$ 383,297
Capital assets, net of accumulated depreciation	1,497,741	1,502,289	87,812	84,843	1,585,553	1,587,132
Total assets	<u>1,868,157</u>	<u>1,883,015</u>	<u>90,404</u>	<u>87,414</u>	<u>1,958,561</u>	<u>1,970,429</u>
Deferred outflow of resources	<u>186,980</u>	<u>99,414</u>	<u>-</u>	<u>-</u>	<u>186,980</u>	<u>99,414</u>
Current liabilities	126,465	160,056	1,773	3,938	128,238	163,994
Long-term liabilities outstanding	<u>1,559,678</u>	<u>1,523,379</u>	<u>68,997</u>	<u>68,637</u>	<u>1,628,675</u>	<u>1,592,016</u>
Total liabilities	<u>1,686,143</u>	<u>1,683,435</u>	<u>70,770</u>	<u>72,575</u>	<u>1,756,913</u>	<u>1,756,010</u>
Deferred inflow of resources	<u>19,644</u>	<u>5,205</u>	<u>-</u>	<u>-</u>	<u>19,644</u>	<u>5,205</u>
Net Position:						
Net investments in capital assets	896,914	903,318	18,815	15,792	915,729	919,110
Restricted	81,961	79,842			81,961	79,842
Unrestricted	<u>(629,525)</u>	<u>(689,371)</u>	<u>819</u>	<u>(953)</u>	<u>(628,706)</u>	<u>(690,324)</u>
Total Net Position	<u>\$ 349,350</u>	<u>\$ 293,789</u>	<u>\$ 19,634</u>	<u>\$ 14,839</u>	<u>\$ 368,984</u>	<u>\$ 308,628</u>

The City's government-wide net position of \$369 million represents an increase of \$60.4 million over last year's net position of \$308.6 million. This increase was largely due to an increase in deferred outflow of resources and an increase to long term liabilities and deferred inflow of resources. Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements increased \$61.6 million over last year. Government activities unrestricted net position increased \$59.8 million while the unrestricted net position of the City's business-type activities increased \$1.8 million in 2018.

**TABLE 2

Restatement		(308,650)				(308,650)
Net Position at End of Year	<u>\$ 349,350</u>	<u>\$ 293,789</u>	<u>\$ 19,634</u>	<u>\$ 14,839</u>	<u>\$ 368,984</u>	<u>\$ 308,628</u>

The City's total revenue in 2018 of \$864.2 million represents an decrease of \$22.2 million over last year. Capital grants and contributions increased \$25.3 million due to monies received from the State of Connecticut related to school building construction grants. Operating grants and contributions decreased \$99.7 million mainly due to a decrease in educational grant funding.

The City's total program expenses of \$803.9 million represent a decrease of \$134.5 million over last year. The decrease in Public Works, Public Safety, Development and Community Affairs, and Education is related to the receipt of different grants than prior year and overtime. The analysis below separately considers the operations of governmental and business-type activities.

**Governmental Activities**

Table 3 presents the cost of each of the City's governmental activities six largest programs - general government, public safety, public works, human services, education, recreation and culture and others (debt service and development and community affairs) - as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

**TABLE 3  
GOVERNMENTAL ACTIVITIES**

	<u>Total Cost of Services</u>		<u>Net Cost of Services</u>	
	<u>2018</u>	<u>2017</u>	<u>2018</u>	<u>2017</u>
General government	\$ 127,405	\$ 106,179	\$ 120,287	\$ 93,017
Public safety	72,492	110,468	59,558	101,241
Public works	35,350	42,650	17,864	22,829
Human services	61,015	30,581	48,922	3,152

Total	<u>\$ 799,038</u>	<u>\$ 933,498</u>	<u>\$ 348,031</u>	<u>\$ 402,834</u>

**Business-Type Activities**

Revenues from the Hartford Parking Authority provided to the Hartford Parking Facilities Fund to finance debt service and capital improvement, as well as revenues to the City's General Fund increased by \$0.3 million in FY18 and expenses (including debt service and depreciation) for the City's dedicated parking facilities remained consistent from FY 2017. The Golf Courses ended FY18 with a net position of \$4.3 million as a result of the construction of a new clubhouse. The Hartford Stadium Authority had an increase to net position of \$0.5 million with increased revenues from the 2018 baseball season.

**CITY FUNDS FINANCIAL ANALYSIS**

**Governmental Funds**

The City's combined General Fund reported a fund balance increase of \$0.4 million during 2018 as compared with a decrease of \$9.0 million in 2017. This increase is mainly due to the receipt of Municipal restructuring funds and contract assistance from the State as well as the implementation of a pay as you go capital program. The combined General Fund's unassigned fund balance at June 30, 2018 is \$4.9 million representing 0.8 percent of the General Fund's 2018 amended budgetary appropriations. Actual revenues were \$31.3 million more than the amended budgetary revenue estimate. Expenditures were \$18.7 million less than the final budgeted appropriation of \$612.9 million. Refer to RSI-1 and RSI-2 for details on other favorable and unfavorable variances in comparison to budgetary estimates.

The Capital Improvement Fund reported a fund balance increase of \$8.0 million which is related to the receipt of grant revenues and the General Fund contributions from the new pay as you go CIP funding plan. The City closely managed capital project spending throughout the fiscal year by completing and closing out prior years authorized projects. The departments of public works and development services continued these efforts in FY 2018 by focusing on the capital needs mainly related to maintaining and preserving our capital infrastructure..

The Debt Service Fund had a fund balance as of June 30, 2018, of \$41.2 million which represents a decrease due to pay down of the existing restructured debt.

The Education Grant Fund had an increase in fund balance of \$3.1 million due to an overall decrease in expenditures.

The Community Development Loan and Grant Fund had an increase in fund balance of \$0.6 due to multiple home loans that were repaid in full in advance of maturity date.

The City's other governmental funds reported an increase of \$1.5 million in fund balance for the year, mainly due to decreased expenditures.

**Internal Service Funds**

The net position of the City's self-insurance programs decreased \$2.3 million, decreasing the total net position (deficit) of the City's internal service programs from \$(20.9) million to an \$(23.2) million deficit. The City will continue its efforts to develop a funding plan for its post-retirement benefits liabilities based on the actuaries' estimates.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

At June 30, 2018, the City had \$1.5 billion invested in a broad range of capital assets, including land, buildings, park facilities, vehicles and equipment and infrastructure - Table 4.

Capital asset additions during the year totaled \$39.0 million (Note 6 to the financial statements). Construction in progress additions represent the majority of capital additions recorded by the City other than capital activity related to vehicle and equipment purchases and infrastructure. Refer to current period expenditures reported in Exhibit C for a detail of capital expenditures by project in the City's Capital Improvement Fund. The majority of active projects as reported in Exhibit C qualify for capitalization under the City's asset capitalization policy.

**TABLE 4  
CAPITAL ASSETS**

	Governmental Activities		Business-Type Activities		Total	
	2018	2017	2018	2017	2018	2017
Land	\$ 63	\$ 63	\$ 6	\$ 6	\$ 69	\$ 69
Land improvements	20	21			20	21
Buildings and improvements	1,030	980	81	65	1,111	1,045
Machinery and equipment	15	19	1	14	16	33
Infrastructure	198	204			198	204
Construction in progress	172	215			172	215
Total	\$ 1,498	\$ 1,502	\$ 88	\$ 85	\$ 1,586	\$ 1,587

There are 288 active projects in the City’s Capital Improvement Fund with appropriations of \$1,747.1 million, cumulative active project expenditures of \$1,297 million. Total expenditures for all projects during the fiscal year amounted to \$46.4 million. New and supplemental appropriations are reflected in the FY2019 adopted budget.

Additional information about the City’s capital assets is presented in Note 6 to the financial statements.

**Long-Term Debt**

The City did not issue any long-term debt in fiscal year 2018. However, on April 13, 2017 in anticipation of a projected FY2017 deficit, the City issued \$20.165 million of Tax Anticipation Notes (TAN) to ensure its ability to fund operations and obligations city-wide through the end of the Fiscal Year. The City was able to successfully reduce the projected use of TAN proceeds by continuing to manage expenditures and collect revenues. The City successfully repaid the TAN in FY18. Additionally, In March 2018 the City entered into a Contract Assistance Agreement with the State of Connecticut to service \$540 million in current general obligation debt service until such debt was retired. This agreement is backed by the full faith and credit of the State of Connecticut. As part of this agreement, the City of Hartford is subject to financial oversight and has accepted limitations on the issuance of new debt. Under the contract assistance agreement, the City must meet certain financial requirements. Lack of compliance with such requirements would trigger a default, thus placing the City in Tier 4 full oversight by the State of Connecticut.

At June 30, 2018, the City had \$569.6 million in bonds outstanding versus \$601.4 million last year – a decrease of 5.2% - as shown in Table 5. The City has approximately \$40 million of restricted cash and investments to offset this debt.

	Governmental Activities		Business-Type Activities		Total	
	2018	2017	2018	2017	2018	2017
General obligation bonds	\$ 570	\$ 601	\$ 2	\$ 3	\$ 572	\$ 604
Special obligation revenue bonds					-	-
Revenue bonds			66	67	66	67
Notes payable					-	-
<b>Total</b>	<b>\$ 570</b>	<b>\$ 601</b>	<b>\$ 68</b>	<b>\$ 70</b>	<b>\$ 638</b>	<b>\$ 671</b>

The State limits the amount of general obligation debt that cities can issue based on a formula detailed in State Statutes based on type of debt and tax base. The City’s outstanding general obligation debt is below the formulaic \$1.7 billion state-imposed limit.

Other obligations include accrued vacation pay and sick leave. More detailed information about the City’s long-term liabilities is presented in Note 8 to the financial statements.

**ECONOMIC FACTORS AND NEXT YEAR’S BUDGETS AND RATES**

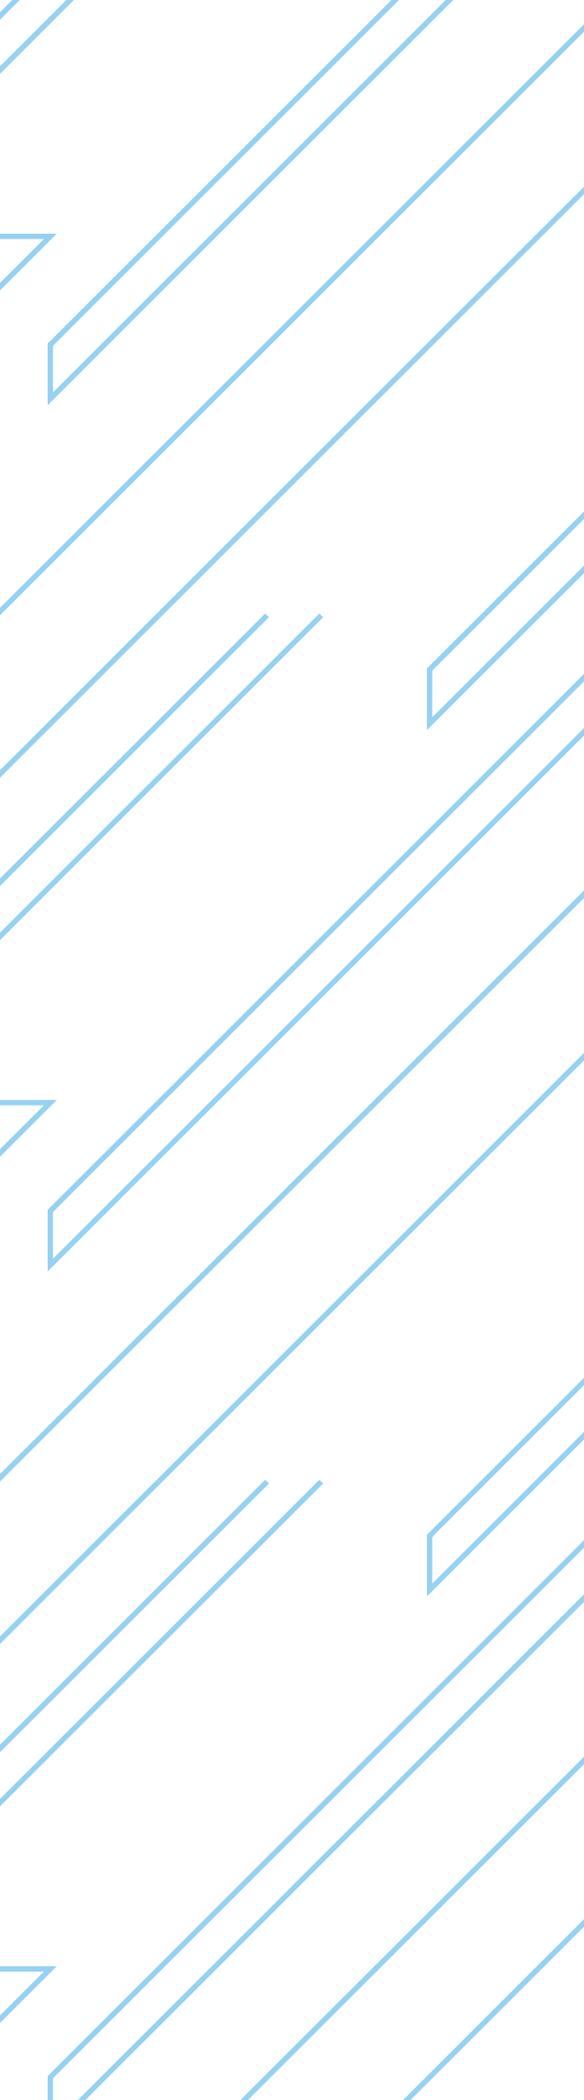

Connecticut’s unemployment rate was estimated by the Connecticut Department of Labor to be 4.1% for November 2018 (seasonally adjusted). This is 0.1% lower than October 2018 and 0.5% lower than the November 2017 rate of 4.6%.. The November 2018 unemployment rate for Hartford was 5.4%, which is 1.3% higher than the 4.1% reported by the U.S. Bureau of Labor Statistics for November 2018. The Consumer Price Index rose 2.2 percent (unadjusted - all items) for the 12-months ended November 2018.

PA 17-2, An Act Concerning the State Budget for the Biennium Ending June 30, 2019, establishes a Municipal Accountability Review Board to support financially distressed municipalities in achieving fiscal sustainability. The State Budget provides a \$28 million Municipal Restructuring appropriation to be allocated by the Municipal Accountability Review Board (MARB). The City of Hartford provided a 5-year Municipal Recovery Plan to the MARB in March 2018, comprised of revenue and expenditures assumptions, contract assistance for debt service, labor concessions, economic development goals and initiatives to generate grand list growth, as well as revenue and expenditure initiatives, the combination of which provided a pathway to fiscal balance. The recovery plan required the City to shift to a Pay-As-You-Go Capital Improvement Program, whereby the capital expenditure program is funded primarily from the General Fund. The recovery plan was reviewed in detail by the full MARB and a subcommittee thereof and approved in June 2018 where the City received \$20 million in restructuring funds. The City is required to submit an updated Municipal Recovery Plan annually in concert with the Mayor's Recommended General Fund Budget.

Over the past two years, in the face of unprecedented fiscal crisis and longstanding structural deficits, the City has worked diligently to achieve long-term sustainability for our Capital City, making dramatic reductions in the size and cost of City government. The City continues to make progress in achieving landmark labor contracts that provide material long term savings. The new labor contracts include several years of wage freezes and structural changes in pension, active employee health and retiree health insurance contributions for current employees and future hires. The significant expenditure reductions, savings combined with structural changes achieved in union contracts, and new tools available in the State Budget, coupled with disciplined management and fiscal prudence, represent significant progress towards long term sustainability. These achievements create opportunities to strengthen the City's finances and achieve long term fiscal health.

## **CONTACTING THE CITY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide residents, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the monies it receives. If you have questions about this report or need additional financial information, contact the Finance Department, City of Hartford, 550 Main Street, Hartford, Connecticut 06103, or by telephone (860) 757-9665.

**CITY OF HARTFORD, CONNECTICUT**  
**BALANCE SHEET - GOVERNMENTAL FUNDS (CONTINUED)**  
**JUNE 30, 2018**  
(In Thousands)

Reconciliation of the Balance Sheet - Governmental Funds  
to the Statement of Net Position:

Amounts reported for governmental activities in the statement of net position (Exhibit I) are  
different because of the following:

Fund balances - total governmental funds (Exhibit III)	\$	97,104
--	----	--------

Capital assets used in governmental activities are not financial  
resources and, therefore, are not reported in the funds:

Governmental capital assets	\$	2,365,329	
Less accumulated depreciation		(867,588)	
Net capital assets			1,497,741

Other long-term assets and deferred outflows of resources are  
not available to pay for current-period expenditures and,  
therefore, are deferred in the funds:

Property tax receivables greater than 60 days	52,888
Interest receivable on property taxes	29,258
Housing loans receivable	36,135
Other receivables	22,629
Deferred outflows related to pensions	70,503
Deferred outflows related to OPEB	112,448

Internal service funds are used by management to charge the costs of  
risk management to individual funds. The assets and liabilities of  
the internal service funds are reported with governmental activities  
in the statement of net position.

(23,171)

Long-term liabilities and deferred inflows of resources are not due and payable  
in the current period, and, therefore, are not reported in the funds:

Bonds payable	(569,586)
Premium on bonds	(54,199)
Deferred charge on refunding	4,029
Accrued interest payable	(8,336)
HUD Loans	(5,950)
Capital leases	(5,664)
Clean water fund notes	(951)
Compensated absences	(28,654)
Claims and judgements	(4,000)
CMERS prior service cost	(1,107)
Net OPEB liability	(423,263)
Net pension liability - CMERS	(17,468)
Net pension liability - MERF	(409,216)
Net pension liability - RAF/PBF/FRF	(1,930)
Net pension liability - 415(m)	(246)
Deferred inflows related to pensions	(8,053)
Deferred inflows related to OPEB	(11,591)

Net Position of Governmental Activities (Exhibit I)	\$	<u>349,350</u>

(Continued on next page)

**CITY OF HARTFORD, CONNECTICUT**  
**STATEMENT OF REVENUES, EXPENDITURES AND CHANGES**  
**IN FUND BALANCES - GOVERNMENTAL FUNDS (CONTINUED)**  
**FOR THE YEAR ENDED JUNE 30, 2018**  
(In Thousands)

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities:

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because of the following:

Net change in fund balances - total governmental funds (Exhibit IV)	\$ (11,673)
---	-------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	39,094
Depreciation expense	(43,642)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes collected after 60 days	3,640
Interest income on property taxes	4,669
Housing loans receivable	2,330
Other receivables	(27,905)
Change in deferred outflows related to pensions	(24,457)
Change in deferred outflows related to OPEB	112,448

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Bond Principal payments	31,831
HUD Loans principal payments	350
Capital lease principal payments	6,887
Clean water fund notes principal payments	95

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Amortization of deferred charges in refunding	(425)
Amortization of premium	3,245
Accrued interest	2,579
Amortization of CMERS prior service costs	568
Change in long-term compensated absences	3,638
Change in claims and judgements	(675)
Change in net OPEB liability	(29,904)
Change in net pension liability - CMERS	5,442
Change in net pension liability - MERF	(7,586)
Change in net pension liability - RAF/PBF/FRF	1,711
Change in net pension liability - 415(m)	51
Change in deferred inflows related to pensions	(2,848)
Change in deferred inflows related to OPEB	(11,591)

The net expense of the internal service funds is reported with governmental activities.	<u>(2,311)</u>
---	----------------

Change in Net Position of Governmental Activities (Exhibit II)	<u>\$ 55,561</u>

Net Position at End of Year	<u>\$ 1,065,080</u>

The accompanying notes are an integral part of the financial statements

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Hartford was incorporated May 29, 1784 and the City consolidated in April 1896. The City operates under a Mayor-Council form of government and provides a full range of services including public safety, roads, solid waste collection, health, social services, culture and recreation, education, planning, development, zoning and general administrative services.

During the fiscal year ended June 30, 2018, the City was designated a Tier III municipality by the State of Connecticut in accordance with CGS § 7-576c which included oversight by the State of Connecticut Municipal Accountability Review Board (MARB). See Note 15 for additional information.

The accounting policies of the City conform to generally accepted accounting principles as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the City's more significant accounting policies:

**A. Financial Reporting Entity**

The financial reporting entity consists of: a) the primary government, which is the City; b) organizations for which the City is financially accountable and c) other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth by GASB.

In evaluating how to define the City, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the City's reporting entity was made by applying the criteria set forth by GASB, including legal standing, fiscal dependency and financial accountability. Based upon the application of these criteria, the following component units are included in the City's reporting entity because of operational or financial relationship with the City.

**Discretely Presented Component Unit**

The Hartford Parking Authority (the Parking Authority) has been included in the City's financial statements as a discretely presented component unit. A discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City. It is financially accountable to the City, or has a relationship with the City such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. For the discretely presented component unit the potential exists for a financial burden or benefit to be imposed on the City as a result of the existence of the component unit. The Parking Authority was created pursuant to Chapter 100 of the General Statutes of Connecticut and is governed by five members appointed by the Mayor and approved by the Court of Common Council. The purpose of the Parking Authority is to create, establish, finance, maintain, and operate the City of Hartford's dedicated parking facilities, and regulate the uses and parking rates to be charged at other regulated parking facilities. Separately issued financial statements of the Parking Authority are available at [www.hartfordparkingauthority.com](http://www.hartfordparkingauthority.com).

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Blended Component Unit**

The Hartford Stadium Authority (the Stadium Authority) serves all citizens of the government and is governed by a commission, which consists of five members appointed by the Court of Common Council. The Stadium Authority does not have any other staff members presently, the operational, administrative and legal services for the Stadium Authority will be handled by the City Departments of Finance, Public Works, and the Office of Corporation Council. The City is legally obligated to provide resources in the event there are deficiencies in debt service payments and resources are not available from any other remedies. The Stadium Authority is reported as an enterprise fund and does not issue separate financial statements. The Stadium Authority is reported as a blended component unit as the City is responsible for payment of Stadium Authority debt through a signed lease agreement.

**B. Government-Wide Financial Statements**

The government wide financial statements (i.e., the statement of net position and the statement of activities) report information on all nonfiduciary activities of the primary government as a whole and its component units. For the most part, the effect of interfund activity has been removed from these statements, except for interfund services provided and used. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of net position presents the financial position of the City at the end of its fiscal year. The statement of activities demonstrates the degree to which direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods or services, or privileges provided by a given function or segment, 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment and 3) interest earned on grants that is required to be used to support a particular program. Taxes and other items not identified as program revenues are reported as general revenues. The City does not allocate indirect expenses to functions in the statement of activities.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds. The Agency Fund has no measurement focus but utilizes the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes and certain other revenues are considered to be available if collected within 60 days of the fiscal year end. Construction grant revenue is considered to be available if collected within 90 days of year end.

Property taxes associated with the current fiscal period, as well as charges for services and intergovernmental revenues and interest associated with the current fiscal period are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period, if available. Licenses and fees and other similar revenues are not susceptible to accrual because generally they are not measurable until received in cash. If expenditures are the prime factor for determining eligibility, revenues from federal and state grants are accrued when the expenditure is made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, other post-employment benefit obligations, pension obligations and certain claims payable are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for and reported in another fund.

The **Capital Improvement Fund** accounts for the proceeds of general obligation bonds and grants for various construction projects.

The **Community Development Loan and Grant Fund** accounts for loan and grant activities associated with the housing and development program.

The **Debt Service Fund** accounts for the payment of principal and interest on general long-term debt of the City. This fund also accounts for the amounts held in escrow for future payoff of defeased debt.

The **Educational Grants Fund** accounts for State and Federal grants received and expended for educational purposes.

The City reports the following major proprietary funds:

The **Hartford Stadium Authority Fund** accounts for the operations of the City's Dunkin' Donuts Park, a double A minor league ballpark, which is a blended component unit of the City.

Additionally, the City reports the following fund types:

The **Internal Service Funds** are used to account for the risk management activities of the City and the centralized operations of the Metro Hartford Information Services.

The **Pension and Other Post-Employment Benefit (OPEB) Trust Funds** account for the activities of the Hartford Retirement System, which accumulated resource for pension benefit payment to qualified City employees and the activities of the OPEB Fund, which accounts for the health and other benefits provided to eligible retirees and their spouses.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

The **Agency Funds** are primarily utilized to account for monies held as custodian for outside student and other groups.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between certain City's functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the enterprise funds and the internal service funds are charges to customers for services. Operating expenses for the Enterprise funds and the internal service funds include the cost of services, administrative expenses, depreciation costs and benefit costs. All revenues and expenses not meeting the definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

#### **D. Deposits, Investments and Risk Disclosure**

##### **Cash and Cash Equivalents**

Cash and cash equivalents consist of funds deposited in demand deposit accounts and short-term investments with original maturities of less than three months.

The Connecticut State Treasurer's Short-Term Investment Fund is an investment pool managed by the Cash Management Division of the State Treasurer's Office, created by Section 3-27 of the General Statutes of Connecticut. Investments must be made in instruments authorized by Connecticut General Statutes 3-27c through 3-27e. Investment guidelines are adopted by the State Treasurer. The investments in the pool adhere to GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, which accounts for the asset investment. The value of the position the pool is the same as the value of the pool shares. These investments are stated at amortized cost.

##### **Investments**

Investments are stated at fair value.

The pension funds allow for investments in certain alternative investments. Alternative investments may include private equity partnerships, hedge and absolute return funds for which there may be no ready market to determine fair value. These investments are valued using the most recent valuation available from the external fund manager that represents the net asset value of these funds. These estimated values do not necessarily represent the amounts that will ultimately be realized upon the disposition of those assets, which may be materially higher or lower than values determined if a ready market for the securities existed.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Restricted Cash and Investments**

Certain assets are classified as restricted because their use is limited. Restricted asset cash and investment are to be used for construction purposes and the repayment of the 2013 and 2015 refunded bonds.

**E. Receivables and Payables**

**Taxes Receivable**

The City's property tax is levied each May on the assessed value listed as of the prior October 1 for all taxable real and personal property located in the City. Assessed values are established by the City Assessor at 70% of fair market value for all properties, except residential real estate, on the grand list as of October 1 each year. Residential real estate, defined as three living units or less, is currently assessed at 33.82% of value. The assessment ratio is calculated annually by the City Assessor. Taxes due for elderly residents who participate in the Elderly Tax Credit program are due in four installments; July 1, October 1, January 1, and April 1. Taxes under \$100 (amount not rounded) are due in one installment July 1; real and personal property taxes of over \$100 (amount not rounded) are due in two installments July 1 and January 1. Motor vehicle taxes in excess of \$100 (amount not rounded) are due in two installments July 1 and January 1. Delinquent taxes are assessed interest of 1.5% per month.

**Loans Receivable**

The City has also entered into various loan agreements with third parties related to its public housing programs. These loan agreements have been recorded as notes receivable within the community Development Loan and Grant Fund. Under these agreements, the City has loaned money for the purpose of establishing and/or improving public housing units. The loans are secured by an interest in the property being acquired and/or improved. The programs consist of House Hartford Program, the Home Ownership Appraisal GAP Financing Program, Home Program, Lead Abatement Program, Façade Program, Anti-Blight Program and the Housing Preservation Loan Program. In addition, the City has one outstanding loan under the HUD Section 108 Program.

**Other Receivables**

All other receivables, including charges for services and intergovernmental receivables, are reported net of an allowance for doubtful accounts, when appropriate.

**Allowance for Doubtful Accounts**

The allowance for doubtful accounts represents those accounts which are deemed uncollectible is based upon collection history and analysis of creditor's ability to pay. The majority of the amount related to taxes receivable, housing loans (for which the City develops an allowance for doubtful accounts on a loan-by-loan basis) and police special duty charges for services.

**Due from/to Other Funds**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

**F. Inventories**

All inventories are valued at cost on a first-in, first-out basis, and consist of certain expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**G. Capital Assets**

Capital assets, which include land, buildings, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and proprietary fund financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Purchased and constructed assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest is capitalized in accordance with related guidance on enterprise fund and business-type capital assets.

Land and construction-in-progress are not depreciated. Property, plant, equipment and infrastructure of the City as well as the discretely presented component unit, are depreciated using the straight-line method over the following estimated useful lives.

<u>Assets</u>	<u>Years</u>
Land improvements	20
Buildings and building improvements	40
Other structures	15
Office furniture, equipment and PC hardware	5
Computer equipment	5
Shop, playground, and grounds maintenance equipment	10-20
Autos, trucks, construction vehicles	5-15
Infrastructure	20-99

The costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures on the governmental fund financial statements. Capital assets are not shown on the governmental fund balance sheet.

**H. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period or periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports a deferred charge on refunding in the government-wide statement of net position and deferred outflows for pensions and OPEB. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions or other

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

inputs. These amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plans (active employees and inactive employees).

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period or periods and so will not be recognized as an inflow of resources (revenue) until that time. The City reports deferred inflows of resources for pensions and OPEB in the government-wide statement of net position. A deferred inflow of resources related to pension and OPEB results from differences between expected and actual experience, changes in assumptions or other inputs. These amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plans (active employees and inactive employees). Also, for governmental funds, the City reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from several sources: property taxes, interest on property taxes, intergovernmental revenues and charges for services. These amounts are deferred and recognized as an inflow of resources (revenue) in the period that the amounts become available.

**I. Compensated Absences**

City employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination or retirement. Vacation and sick leave expenses to be paid in future periods are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if the liability has matured through employee resignation or retirement. The general fund is typically used to liquidate this liability.

**J. Long-Term Obligations**

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, and debt payments, are reported as debt service expenditures.

**K. Net Pension Liability**

The net pension liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

**L. Net OPEB Liability**

The net OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position. The OPEB plan's fiduciary net position is determined using the same valuation methods that are used by the OPEB plan for purposes of preparing its statement of fiduciary net position. The net OPEB liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

**M. Fund Equity**

Equity in the government-wide financial statements is defined as "net position." Net position represents the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The components of net position are detailed below:

**Net Investment in Capital Assets**

The component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

**Restricted Net Position**

These amounts are restricted to specific purposes when constraint placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

**Unrestricted**

All other amounts that do not meet the definition of "restricted" or "net investment in capital assets."

The equity of the fund financial statements is defined as "fund balance" and is classified in the following categories:

**Nonspendable Fund Balance**

Includes amounts that cannot be spent because they are either not in spendable form (inventories, long-term receivables) or they are legally or contractually required to be maintained intact (the corpus of a permanent fund).

**Restricted Fund Balance**

These amounts are restricted to specific purposes when constraint placed on the use of resources are either (a) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Committed Fund Balance**

This represents amounts constrained prior to year-end for a specific purpose by the City using its highest level of decision-making authority (City of Hartford Court of Common Council). Amounts remain committed until action, in the form of a Resolution, is taken by the Court of Common Council to remove or revise the limitations.

**Assigned Fund Balance**

For all governmental funds other than the General Fund, this represents any remaining positive amounts not classified as restricted or committed. For the General Fund, this includes amounts constrained for the intent to be used for a specific purpose by the Court of the Common Council and Finance Department, who have been delegated authority to assign amounts by City Charter.

**Unassigned Fund Balance**

In the General Fund, this includes residual positive fund balance which has not been classified within the other abovementioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, the City considers that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

**N. Encumbrances**

In governmental funds, encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve applicable appropriations, is generally employed as an extension of formal budgetary integration in the General Fund. Encumbrances outstanding at year-end are reported as assigned fund balance since they do not constitute expenditures or liabilities.

**O. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**P. Subsequent Events Evaluation by Management**

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is December 26, 2018.

**Q. Adoption of New Accounting Pronouncements**

For the year ended June 30, 2018, the City implemented GASB Statement No. 75, *OPEB Accounting for Employers and Non-Employer Contributing Entities*, GASB Statement No. 81, *Irrevocable Split-Interest Agreements*, GASB Statement No. 85, *Omnibus*.

GASB Statement No. 75 *OPEB Accounting for Employers and Non-Employer Contributing Entities* - the objective of this statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability.

The scope of this Statement addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. This Statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about defined benefit OPEB also are addressed.

GASB Statement No. 81, *Irrevocable Split-Interest Agreements* - The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. Split-interest agreements are a type of giving agreement used by donors to provide resources to two or more beneficiaries, including governments. This Statement requires that a government that receives resources pursuant to an irrevocable split-interest agreement recognize assets, liabilities, and deferred inflows of resources at the inception of the agreements.

GASB Statement No. 85, *Omnibus* - This Statement addresses practice issues that have been identified during implementation and application of certain GASB Statements as follows:

- Blending a component unit in circumstances in which the primary government is a business-type activity that reports in a single column for financial statement presentation
- Measuring certain money market investments and participating interest-earning investment contracts at amortized cost
- Timing of the measurement of pension or OPEB liabilities and expenditures recognized in financial statements prepared using the current financial resources measurement focus
- Recognizing on-behalf payments for pensions or OPEB in employer financial statements
- Presenting payroll-related measures in required supplementary information for purposes of reporting by OPEB plans and employers that provide OPEB
- Classifying employer-paid member contributions for OPEB
- Accounting and financial reporting for OPEB provided through certain multiple-employer defined benefit OPEB plans.

## **2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

### **A. Budgetary Information**

The City adopted the legal budget for the 2017-2018 General Fund in accordance with the procedures summarized below:

By the third Monday in April, the Mayor must submit to the Court of Common Council a recommended operating budget for the fiscal year commencing the following July 1st. The operating budget includes proposed expenditures and the means of financing them.

Through direction of the Mayor and the Court of Common Council, open meetings and public hearings are held to obtain residents' and taxpayers' comments on the recommended budget.

The Court of Common Council modifies the budget by resolution (except revenues, debt service and pension requirements) and then submits the budget as amended to the Mayor for certification no later than May 21.

The Mayor may approve, reduce, and/or disapprove the budget within 48 hours, but no later than May 23.

The General Fund budget, including all components of the property tax and municipal aid assumptions, must be approved by the Municipal Accountability Review Board before final adoption. Each year an updated Municipal Recovery Plan must be submitted to the MARB for approval and such annual budget must be in conformity with the Plan.

Upon action by the Mayor, the Court of Common Council has until May 31 to adopt the budget, the appropriation ordinance and the tax levy ordinance. If it fails to adopt the budget by that date the budget as certified by the Mayor shall be deemed to be the budget of the City for the ensuing fiscal year and expenditures shall be made in accordance therewith (Hartford Municipal Code Sec. 9).

After the budget has been adopted and the new fiscal year begins, an appropriation may be amended. The Mayor may, at any time, transfer any unencumbered balance or portion thereof, from one classification of expenditures to another within the same department.

At the request of the Mayor, but only within the last three months of the fiscal year, the Court of Common Council may transfer by resolution, any unencumbered appropriation balance or portion thereof from one department or agency to another.

Supplemental appropriations are made on the recommendation of the Mayor upon certification by the Director of Finance that there exists an available general fund cash surplus to meet this appropriation.

Budgets for General Fund are presented on a basis consistent with generally accepted accounting principles except that encumbrances and transfers out are shown as budgetary obligations and transfers in are shown as revenues. State of Connecticut on-behalf contributions are shown as revenues and expenses, and reimbursements to and from other funds are shown as reductions of revenues and expenses.

The General Fund budget is the City's only legally adopted annual budget. Budgets for Special Revenue and Capital Projects Funds are adopted on a project length basis in accordance with related grant or funding agreements.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

The level of control for the General Fund budget is at the department/major activity level which are authorized by ordinance. The level of control for Capital Projects Funds is appropriations at the project level. Total expenditures cannot exceed total appropriations by project, over the length of the project.

The Community Development Block Grant (Special Revenue) project budgets are approved by Court of Common Council. The level of control for all other Special Revenue Funds is at the project or program level in accordance with agreement provisions and various budgetary periods.

All unencumbered and unexpended appropriations lapse at year end for the General Fund. Appropriations do not lapse at year end for Special Revenue Funds. Appropriations for capital projects are carried forward until such time as the project is completed or terminated.

During the fiscal year ended June 30, 2018 there were no General Fund supplemental budget appropriations or additional appropriations against fund balance. There was however a mid-year increase to the motor vehicle mill rate from 32 mills to 39 mills as authorized in the State Budget in October of 2017. Section 699 of House Bill 1502 of the June Special Session, amended CGS Section 12-71e of the Connecticut General Statutes to authorize the legislative body of any municipality, which had already set its mill rate, to revise their motor vehicle mill rate to 39 mills, by legislative vote no later than December 15, 2017.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

**B. Fund Deficits**

At June 30, 2018, the City reported deficit fund balance/net position for the following funds:

Governmental Funds:	
Non-major Funds	
Miscellaneous Grants	\$ 2,971
Health Grants	249
Internal Service Funds:	
Workers' Compensation	\$ 20,356
Liability and Property Damage	5,520

The Internal Service Funds deficit will be covered through future charges for services from the General Fund. The grant fund deficits are a result of revenue recognition in accordance with the modified accrual basis of accounting and will be repaid with future grant revenues.

**3. CASH, CASH EQUIVALENTS AND INVESTMENTS**

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a “qualified public depository” as defined by Statute, or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit in an “out of state bank”, as defined by the Statutes, which is not a “qualified public depository”.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: (1) obligations of the United States and its agencies; (2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof; and (3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds does not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF). The investment pool is under the control of the State Treasurer, with oversight provided by the Treasurer’s Cash Management Advisory Board, and is regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. The STIF accounts are recorded at amortized cost.

**Deposits**

**Deposit Custodial Credit Risk**

Custodial credit risk is the risk that in the event of a bank failure, the City’s deposits may not be returned to it.

**City** - The City’s custodial credit risk policy includes policies on the safety of principal, prudence, and financial dealings with institutions designed to mitigate custodial credit risk. Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures* \$104,797 of the City’s bank balance of \$106,047 was exposed to custodial credit risk as follows:

Uninsured and Uncollateralized	\$ 94,199
Uninsured and Collateral held by the pledging bank's trust department, not in the City's name	<u>10,598</u>
Total Amount Subject to Custodial Credit Risk	<u><u>\$ 104,797</u></u>

**Parking Authority** - The Parking Authority follows the City’s deposit policies of safety of principal, prudence, and financial dealings with institutions designed to mitigate custodial credit risk. As of June 30, 2018, \$1,056 of the city’s bank balance of \$1,174 was uninsured and uncollateralized.

**Cash Equivalents**

Cash equivalents are short-term, highly liquid investments that are both readily convertible to known amounts of cash and purchased within 90 days of maturity. As of June 30, 2018, the cash equivalent amounted to \$84,278. The following table provides summary of the City's cash equivalents (excluding U.S. government guaranteed obligations) as rated by nationally recognized statistical rating organizations.

	<u>Standard &amp; Poor's</u>
State Short-Term Investment Fund (STIF)	AAAm

**Investments**

**Interest Rate Risk**

This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

The City's and the Pension and OPEB Plan's formal investment policy limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates. The City's formal investment policy includes asset allocation percentage ranges to assist in limiting interest rate risk.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>		
		<u>Less Than 1 Year</u>	<u>1-10 Years</u>	<u>Over 10 Years</u>

**Foreign Currency Risk**

The City of Hartford's Municipal Employee Retirement Fund - (MERF)'s formal investment policy limits at any point in time, the exact level of investment in international equities to between 13% and 23% of the total MERF portfolio. The Plan's exposure to foreign currency risk related to equities and fixed income securities as of June 30, 2018, is as follows:

<u>Currency</u>	<u>Fair Value</u>	<u>Currency</u>	<u>Fair Value</u>
Angolan Kwanza	\$ 681,466	Mongolian tögrög	\$ 453,748

*(in thousands)*

**Credit Risk**

Generally, credit risk is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. The City's and the Pension Plan's investment policy further limits its investment choices including prohibiting investments in derivatives that are not used for the specific purposes identified in the City's Funding and Investment Policy Statement. Other prohibited transactions are identified in Article X of the Funding and Investment Policy Statement. Presented below are the ratings:

<b>Average Rating</b>	<b>U.S. Government Securities</b>	<b>U.S. Government Agencies</b>	<b>Foreign Bonds</b>	<b>Corporate Bonds</b>	<b>Certificate of Deposit</b>	<b>Total</b>
AAA	\$	\$ 34	\$ 285	\$ 6,074	\$	\$ 6,393

	<u>\$ 79,760</u>	<u>\$ 56,958</u>	<u>\$ 67,703</u>	<u>\$ 146,518</u>	<u>492</u>	<u>\$ 351,431</u>

**Concentration of Credit Risk**

The City's OPEB and Pension Funds' policy does not allow for an investment in securities that is not readily marketable in any one issuer that is in excess of five percent of the City's total portfolio. U.S. government securities or obligations explicitly guaranteed by the U.S. government are not considered to have credit risk exposure. Additionally, investment manager guidelines require that investment be broadly diversified so as to limit the impact of large losses in individual investments on the total portfolio.

The Pension Plan does have a formal policy; however, their practice is to maintain a diversified portfolio to minimize the risk of loss resulting from over-concentration of assets in a specific issuer.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

As of June 30, 2018, the GCM Grosvenor Charter Oak LLC Fund, with a fair market value \$55,495, was the only investment in the pension plans that represented more than 5% of the plan's net position as of June 30, 2018.

**Custodial Credit Risk**

Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the City or that sells investment to or buys them for the City), the City will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The City's individual investments in fixed income securities, equities, U.S. treasury securities, domestic corporate bonds, foreign bonds, and U.S. government agency securities are uninsured and registered securities held by a counterparty, or by its trust department or agent that in the City's or Pension Plan's name. The City's other investments are held in alternative investment which because they are evidenced by contracts rather than by securities, are not subject to custodial credit risk determination.

**Fair Value**

The City and its fiduciary funds categorize their fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements). The City and its fiduciary funds have the following recurring fair value measurements as of June 30, 2018:

	June 30, 2018	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Investments by fair value level:				
U.S. Government Securities	\$ 79,760	\$ 79,760	\$	
U.S. Government Agencies	56,958	40,901	16,057	
Foreign Bonds	67,703		67,703	
Corporate Bonds	146,518	750	145,768	
Mutual Funds	72,322	45,866		26,456
Equities	387,282	387,282		
Land	5,000			5,000
Certificates of Deposit	492	492		
Forward Currency Contracts	163		163	
Total Investments by fair value level	816,198	\$ 555,051	\$ 229,691	\$ 31,456
Investments Measured at Net Asset Value (NAV):				
Real Estate Funds	67,386			
Alternative Investments	230,071			
Total Investments Measured at NAV	297,457			
Total Investments	\$ 1,113,655			

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. The alternative investments classified in Level 3 are not actively traded and significant observable inputs are not available; therefore a degree of judgment is necessary to estimate fair value. The valuation process for alternative investments takes into consideration factors such as interest rate changes, movement in credit spreads, default rate assumptions, prepayment assumptions, type and quality of collateral and market dislocation.

The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent) is presented on the following table.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Investments Measured using NAV:				
Real estate funds	\$ 78,298	\$ 9,971	Various	Various
Multi-strategy hedge funds	55,495	-	Quarterly	45 days
Private equity	74,393	16,400	None	None
Real assets funds	19,166	8,792	None	None
Private debt funds	34,569	18,272	None	None

**Real estate funds**

These funds invest primarily in U.S. commercial real estate. The fair values of the investments have been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital. Some of these investments can be redeemed quarterly and have various redemption notice periods ranging from zero to 90 days. Distributions from each fund will be received as the underlying investments of the funds are liquidated. Because it is not probable that any individual investment will be sold, the fair value of each individual investment has been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital. Once it has been determined which investments will be sold and whether those investments will be sold individually or in a group, the investments will be sold in an auction process. The investee fund's management is required to approve of the buyer before the sale of the investments can be completed.

**Multi-strategy hedge fund**

These investments consist of limited partnerships. Hedged equity funds are designed to benefit from the stock market with considerably less risk. They own stakes in companies they expect to outperform and also sell short stocks they expect to underperform. NAV generally represents a Fund's ownership interest in the net assets of each hedge fund.

**Private equity funds**

These funds invest primarily in domestic middle market companies. Distributions are only received through the liquidation of the underlying assets of the fund. If these investments were held, it is expected that the underlying assets of the fund would be liquidated over five to eight years. The fair values are measured using the NAV per share (or its equivalent).

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

**Real assets funds**

These funds invest primarily in domestic middle market companies. Distributions are only received through the liquidation of the underlying assets of the fund. If these investments were held, it is expected that the underlying assets of the fund would be liquidated over five to eight years. The fair values are measured using the NAV per share (or its equivalent).

**Private debt funds**

These funds invest primarily in domestic middle market companies. Distributions are only received through the liquidation of the underlying assets of the fund. If these investments were held, it is expected that the underlying assets of the fund would be liquidated over five to eight years. The fair values are measured using the NAV per share (or its equivalent).

**4. RECEIVABLES**

Receivables at June 30, 2018 for the City's individual major funds and nonmajor, internal service, and fiduciary funds in the aggregate, including the applicable allowances for doubtful accounts, consisted of the following:

	General	Capital Improvement Fund	Community Development Loan and Grant Fund	Educational Grants	Nonmajor Governmental Funds	Nonmajor Enterprise Funds	Internal Service Fund	Pension Trust Funds	Total
Receivables:									
Taxes	\$ 65,331	\$	\$	\$	\$	\$	\$	\$	\$ 65,331

*(in thousands)*

**5. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

The balances reflected as due from/to other funds at June 30, 2018 were as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Capital Improvement Fund	\$ 3
	Nonmajor Enterprise Funds	2,728
	Nonmajor Governmental Funds	731
	Hartford Stadium Authority	77
Debt Service Fund	Nonmajor Enterprise Funds	<u>152</u>
Total		<u>\$ 3,691</u>

The outstanding balances between funds result mainly from the time lag between the dates that: 1) interfund goods and services are provided or reimbursable expenditures occur; 2) transactions are recorded in the accounting system; and 3) payments between funds are made. All of the balances are expected to be collected in the subsequent year.

**Interfund Transfers**

Interfund transfers are defined as the flow of assets, such as cash or goods and services, without equivalent flows of assets in return.

	<u>Transfers Out</u>					<u>Total Transfers In</u>
	<u>General Fund</u>	<u>Capital Improvement Fund</u>	<u>Nonmajor Governmental Funds</u>	<u>Hartford Stadium Authority</u>	<u>Nonmajor Enterprise Funds</u>	
Transfers In:						
General Fund	\$ 8,100	\$ 90	\$ 2,153	\$ 934	\$ 2,367	\$ 13,644
Capital Improvement Fund	13,823		914			14,737
Educational Grants Fund			2,121			2,121
Debt Service Fund	38,891					38,891
Nonmajor Governmental Funds	4,470				18	4,488
Hartford Stadium Authority	4,643				316	4,959
Nonmajor Enterprise Funds	<u>250</u>					<u>250</u>
Total Transfers Out	<u>\$ 70,177</u>	<u>\$ 90</u>	<u>\$ 5,188</u>	<u>\$ 934</u>	<u>\$ 2,701</u>	<u>\$ 79,090</u>

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

Transfers from the General Fund to the Debt Service Fund represent the City's payment towards debt service on outstanding bonds. Transfers from the Hartford Parking facilities enterprise fund to the General Fund represent a portion of net activity derived from the City's parking facilities. Transfers from the Nonmajor Governmental Funds to the General Fund primarily include net income derived from the City's police private duty services program. Transfers from Nonmajor Governmental Funds to the

Educational Grants Fund represent monies collected on behalf of the Educational Grants Fund. Transfers to the Capital Improvement Fund are for projects not paid for with bond proceeds. Transfers from the General Fund to the Stadium Authority related to payment of debt while transfers from the Stadium Authority to the General Fund represent operating revenue from the Stadium to offset debt payment.

**6. CAPITAL ASSETS**

**Construction Commitments**

The City has various authorized construction projects in the Capital Improvement Fund as of June 30, 2018. The projects include school and general construction and facility improvements, land and structure improvements to parks and cultural facilities, transportation improvement projects, and other capital improvements. At June 30, 2018, the City had outstanding appropriations of approximately \$576.2 million. The City however is on a pay-as-you-go Capital Improvement Program. Within the authorized \$576.2 million, approximately \$83.5 million is committed for spend in the next five years. Such commitments are for specific critical projects, including school construction and renovation, flood control, traffic signalization, bridge repairs, sidewalks, and milling and paving. The commitments are being financed with general fund contributions, remaining general obligation bonds previously issued, and state and federal grants.

**7. OPERATING LEASES**

**Lessor**

The City leases certain building, land and air space rights to other parties via operating leases. The agreements provide for minimum annual rentals plus contingent rentals based on a percentage of cash flow from the properties. Total rental income from operating leases during the fiscal year ended June 30, 2018 was \$2,742. The cost of the land and buildings associated with these rental income amounts is estimated at \$13,172 with a carrying value of \$6,288. Depreciation expense on these properties was \$230 during the fiscal year ended June 30, 2018.

**Lessee**

The City entered into a 15-year lease commencing on July 1, 2002 for the rental of office space from Connecticut Constitution Associates, LLC for various City departments and agencies. On July 1, 2017, the City extended this lease an additional 11 years, through June 30, 2028. The base rent shall increase annually by \$0.50 per rentable square foot throughout the term, effective on each anniversary of March 1.

In addition, the City has various lease agreements relating to administrative buildings and parking lots. Future minimum lease payments are projected as follows:

**Year Ending June 30.**

2019	\$	4,459
2020		2,928
2021		1,635
2022		1,409
2023		1,406
Thereafter		7,172

---

**Lease obligations with Hartford Stadium Authority**

The City entered into a lease agreement with the Hartford Stadium Authority (the "Authority") dated as of February 1, 2015, by which the City is obligated to make certain lease payments to the Authority. The Authority issued \$62,450 of lease revenue bonds in February 2015 for the construction of a minor league baseball park. Under the lease agreement, the City is required to make semiannual deposits to secure performance of its obligations to pay rent to the Authority which is due on each February 1 and August 1 during the lease term. Each payment of rent is to be in an amount sufficient, together with other money on deposit with the trustee in the bond fund to be credited as rent, to pay the principal and interest due on the bonds issued by the Authority on each principal payment date and interest payment date as shown in the table below.

On March 15, 2016, the Authority issued \$6,195 of additional lease revenue bonds and the Authority and the City entered into a first amendment to lease agreement, dated as of March 1, 2016 which increased the lease payments required pursuant to the lease agreement to pay the principal and interest due on the Authority's series 2016 bonds. The schedule of lease payments due under the lease agreement, as amended by the first amendment to lease agreement, is as follows:

<u>Year Ending June 30,</u>	
2019	\$ 4,643
2020	4,643
2021	4,645
2022	4,648
2023	4,647
2024-2028	23,223
2029-2033	23,226

CMERS prior service costs	1,675		568	1,107	
Claims and other	3,325	675		4,000	
Risk management claims	37,111	333		37,444	22,143
 Total Governmental Activities					
Long-Term Liabilities	<u>\$ 1,574,998</u>	<u>\$ 39,860</u>	<u>\$ 55,180</u>	<u>\$ 1,559,678</u>	<u>\$ 61,117</u>

Note (1) - The beginning balance of the net OPEB liability has been restated, see Note 16.

Governmental activities liabilities for bonds and notes are liquidated by the Debt Service Fund, which is funded primarily by the General Fund. The pension liability, other post-employment benefit liability and compensated absences of the governmental activities are liquidated primarily from the General Fund. Claims are liquidated primarily by the Internal Service Funds.

---

**Prior Years' Debt Refunding**

In prior years, the City refunded general obligation bonds by placing the proceeds of the new bonds in an irrevocable trust account, invested in U.S. Government State and Local Government Series securities, which are not subject to credit risk, to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. At June 30, 2018, \$17,715 of prior bonds outstanding are considered defeased, of which \$17,464 is held in escrow.

Also, in prior years, the City refunded general obligation bond by placing the proceeds of the new bonds in an irrevocable trust account, invested in U.S. Government Agencies, which are subject to credit risk, to provide for all future debt service payments on the old bonds. While this transaction qualifies as a statutory defeasance of debt, it does not, however, meet the generally accepted accounting principal definition of an in-substance defeasance due to the portfolio consisting of mostly Government Agency Securities. Accordingly, the trust account assets and the liability for the defeased bonds are included in the City's financial statements. The balance at June 30, 2018, of the bonds was \$37,145 and the amount held in escrow to pay down these bonds was \$40,913.

**Contract Assistance**

As further disclosed in Note 15, during the fiscal year, the City entered into an agreement with the State of Connecticut (the State) to service the general obligation debt until such debt was retired. This agreement is backed by the full faith and credit of the State of Connecticut and is irrevocable. As the City is legally obligated for the debt, it remains a liability of the City. During the year, \$11,889 was paid by the State to the paying agent for City of Hartford debt service.

**Clean Water Fund - Serial Notes Payable**

The City has entered into a Clean Water Fund serial note payable to the State of Connecticut as part of the Towner Brook Conduit Extension Project administered by the Metropolitan District Commission. Future annual requirements are as follows:

<b>Year Ending</b>	<b>Principal</b>	<b>Interest</b>
<b>June 30,</b>		
2019	\$ 97	\$ 18
2020	99	16
2021	101	14
2022	103	12
2023	106	10

2039-2043	16,665	1,913	18,578
	<u>\$ 68,234</u>	<u>\$ 45,515</u>	<u>\$ 113,749</u>

**Tax Anticipation Notes**

Tax anticipation note activity was as follows:

Beginning balance, July 1, 2017	\$ 20,165
Issuances	
Retirements	<u>(20,165)</u>
Ending Balance, June 30, 2018	<u>\$ -</u>

**Legal Debt Limit**

The City's indebtedness (including authorized but unissued bonds), net of principal reimbursements expected from the state, does not exceed the legal debt limitation as required by the Connecticut General Statutes as reflected in the following schedule:

	<u>Debt Limit</u>	<u>Indebtedness</u>	<u>Balance</u>
General purpose	\$ 578,489	\$ 537,739	\$ 40,750
Schools	1,156,977	383,983	772,994
Sewers	964,148	259,292	704,856
Urban renewal	835,595		835,595
Pension deficit	771,318		771,318

The total overall statutory debt limit for the City is equal to seven times annual receipts from taxation, or \$1.7 billion.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

**Overlapping Debt**

The City is a member of the Metropolitan District (MDC) (a quasi-municipal corporation that provides water supply, sewerage collection and disposal facilities for members). Member towns are assessed a percentage of MDC's net outstanding debt. As such, the City's overlapping share of debt issued by the MDC is \$249,763 as of June 30, 2018.

**Bonds Authorized but Unissued**

As of June 30, 2018, the City had \$335,577 of authorized but unissued debt.

**9. FUND BALANCE**

The components of fund balance for the governmental funds as of June 30, 2018 are as follows:

	<u>General Fund</u>	<u>Capital Improvement Fund</u>	<u>Community Development Loan and Grant</u>	<u>Debt Service</u>	<u>Educational Grants</u>	<u>Nonmajor Governmental Funds</u>	<u>Total</u>

## **10. TAX ABATEMENTS**

As of June 30, 2018, the City provides tax abatements in accordance with Section 8-215 of the Connecticut General Statutes (CGS) and Section 32-12 of the Hartford Municipal Code. The City is authorized to enter into contracts for the abatement of real property taxes for residential properties when such housing is to be occupied solely by low or moderate-income persons or families as defined in Section 8-202 of the CGS or elderly or disabled.

A tax abatement agreement is a contractual agreement between the City and the owner of a rental property that fixes taxes on an annual basis at a rate less than the full tax amount. Typically, the term of the abatement is ten years and may be renewed by the contracted property with City approval after a minimum of a one-year lapse between abatements, in which case the owner is expected to pay full tax.

For the fiscal year ended June 30, 2018, taxes abated through this program total \$3,800. There are no provisions to recapture abated taxes under this program. No other commitments have been made by the City to the abatement recipients participating in this program.

## **11. EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS**

### **Defined Benefit Pension Plans**

#### **Description of Plans**

There are four defined benefit pension plans for employees of the City of Hartford:

- The City Municipal Employees' Retirement Fund (City MERF), a contributory, single-employer defined benefit plan. The City provides retirement benefits for employees hired since 1947, through the City MERF Plan
- The Retirement Allowance Fund/Police Benevolent Fund/Firemen's Relief Fund Plan (RAF/PBF/FRF), an unfunded, single-employer plan. Employees hired before May 1, 1947 are paid from the RAF/PBF/FRF Plan. There are no remaining active members and the unfunded liability is decreasing rapidly.
- The State of Connecticut Municipal Employee Retirement System (CMERS), a cost sharing multiple-employer plan with the State of Connecticut.
- The State of Connecticut Teachers Retirement System (CTTRS), a plan with the State of Connecticut for certified teachers at the Board of Education in which the City is a noncontributing employer.

The two single employer plans are administered by the City. The plans provide retirement, disability and survivorship benefits for all retired employees, in accordance with provisions which are subject to bargaining with unions representing most of the employees. Administrative fees are paid through the plans.

The City also administers an excess benefit plan established to fund that portion of certain retirees' pension benefits that exceed the limits permitted under Section 415 of the Federal Internal Revenue Code (IRC).

**CITY OF HARTFORD, CONNECTICUT  
 NOTES TO FINANCIAL STATEMENTS  
 JUNE 30, 2018  
 (in thousands)**

---

An actuarial valuation survey is made annually on the City MERF and the Section 415 Plan, and at least every five years for the RAF/PBF/FRF Plan.

**A. City of Hartford Municipal Employees' Retirement Fund (City MERF)**

**Plan description**

The City MERF was established as part of the City Charter. The city provides retirement benefits for employees hired since May 1, 1947, through the City MERF, a single-employer contributory defined benefit plan.

**Management of the City MERF**

The City's charter mandates that there shall be a pension commission of three (3) members, none of whom shall hold any other office in the City government and one (1) of whom shall be a fellow or associate of either the Actuarial Society of America or the American Institute of Actuaries, appointed by the Mayor, one (1) each year for a term of three (3) years commencing on the first Monday of February. Vacancies shall be filled by the Mayor for the unexpired portion of the term. The City Treasurer shall act as secretary of the pension commission and the personnel director shall attend all meetings of the pension commission but neither shall have a vote. The pension commission shall continue to administer the retirement system for City employees as provided in Section 233 of "An Act Revising the Charter of the city of Hartford," approved June 24, 1941, as amended, and shall succeed to all the powers and duties of the board of police commissioners as trustees of the police benefit fund and of the board of fire commissioners as member of the board of trustees of the firemen's relief fund. The pension commission shall administer the municipal employees' retirement fund as hereinafter established. In addition to the three (3) voting members, there shall be one (1) nonvoting member of the pension commission elected by members of the municipal employees' retirement fund.

**Actuarial Assumptions and Benefits Provided**

The total pension liability was determined by an actuarial valuation as of July 1, 2017, using the following actuarial assumptions that were projected forward to the measurement date of June 30, 2018:

- Actuarial method used: Entry age normal cost method
- Mortality basis: RP-2014, fully projected (projected to the year of decrement), with separate male and female tables and separate rates for annuitants and non-annuitants, with occupational adjustment.
- Mortality improvement: Pre and post-retirement: projected to date of decrement using Scale MP-2017 (generational mortality).
- Investment return: 7.50% per year, net of investment expenses.
- Salary scale: 2.75% for inflationary salary increases plus a percentage for promotion or merit increases as follows:

Age	Police	Fire	BOE	Muni Svc and Lib
25	5.25%	4.0%	3.50%	5.15%
30	4.35%	2.25%	3.00%	3.85%

**CITY OF HARTFORD, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2018  
(in thousands)**

---

35	2.79%	1.75%	2.50%	2.25%
40	1.76%	1.25%	1.50%	2.00%
45	1.35%	0.75%	1.00%	1.65%
50	1.10%	0.50%	0.75%	1.25%
55+	1.00%	0.50%	0.50%	1.00%

Salaries are adjusted for groups by 2.75% per year and 0% for City groups for the period of each open contract, for one full fiscal year from the measurement date. Any wage increases negotiated beyond the valuation date have been reflected in the projections.

**Salary scale:** For Police, final average pay is loaded by a percentage for assumed private duty and overtime as follows: Pre-7/1/1999 hires, 42%; Post 7/1/1999 hires, 19%; for employees remaining in the pre-2012 plan, 27%; for employees moving to the 7/1/2012 plan.

The salary scale assumptions above are based on the results of an actuarial experience study for the period July 1, 2010 through June 30, 2015.

**Retirement dates:** Police: 100% retire at age 60, regardless of service, must be age 40 to retire.  
Fire: 100% retire at 30 years of service for all ages.  
Board of Education: 100% retire at age 75.  
Municipal Services and Library: 100% retire at age 75 with less than 20 years of service; or if under age 65, with 35 years of service.

**Disability:** Benefits were explicitly valued using the DP-85 Class 1 male and female disability incidence rate table increased 150% for the police, 200% for fire, 10% for all other groups.

**Social security:** Future tax wage bases are developed by projecting the 2017 base of \$127 forward at 4% per year.

**Plan Changes**

There were changes to mortality since the last valuation.

**Funding Policy**

The obligations of the plan members, employers and other entities are established by action of the City pursuant to applicable collective bargaining and employment agreements. The required contribution rate of the employer and the members varies depending on the applicable agreement. The City's funding policy is to contribute the actuarial recommended contribution each year. Each year the plan sponsor pays the normal cost plus an amortization of the plan's unfunded actuarial liability. The unfunded liability developed with the July 1, 2016 valuation is amortized over a 25-year closed level dollar period. As of July 1, 2107, there are 24 years remaining.

**B. RAF/PBF/FRF Plan**

**Plan Description**

The City pays retirement and survivor benefits to pensioners under an unfunded program which covered City employees hired before the current City MERF Plan went into effect on May 1, 1947. These programs are combined into one pension trust fund for reporting purposes in the City's financial statements. Individual stand-alone financial statements are not issued. The unfunded liability for this plan is rapidly decreasing and has no remaining active members.

**Actuarial Assumptions and Benefits Provided**

The total pension liability was determined by an actuarial valuation as of July 1, 2017, using the following actuarial assumptions that were projected forward to the measurement date of June 30, 2018:

Investment rate of return:	3.87%
Mortality basis:	RP-2014 fully projected (projected to the year of decrement), with separate male and female tables and separate rates for annuitants and non-annuitants, with occupational adjustment.  Mortality improvement based on MP-2017 scale.
Assumed retirement:	Immediate as all are retired
Survivors benefits:	The actuarial liability and projected pension payments include provision for these benefits based on actual spouse ages and benefit form elected. It was assumed that all policemen without wives will name beneficiaries for special 10-year annuity benefits.
Escalation:	To adjust for the PBF and FRF escalation provisions, the projected figures include estimated annual increases for pensioners (excluding survivors) based on plan provisions and an assumed active pay increase of 2.5% per year. For RAF, the table of projected annual benefits makes no provision for future escalation.

**Plan Changes**

There were changes to mortality from the previous valuation.

**Funding Policy**

The City's funding policy is to make contributions equal to the benefit payments for the year. The Plan is unfunded.

**C. City of Hartford 415(m) Fund**

**Plan Description**

The Plan is administered by the City and was adopted by the Court of Common Council on March 24, 1997. The Plan was established to fund that portion of certain retirees' pension benefits that exceeded the limits permitted under Section 415 of the Federal Internal Revenue Code.

**Actuarial Assumptions and Benefits Provided**

The total pension liability was determined by an actuarial valuation as of July 1, 2016, using the following actuarial assumptions that were projected forward to the measurement date of June 30, 2018:

Investment rate of return:	3.87%
Inflation:	2.75%
Mortality basis:	RP-2014 fully projected (projected to the year of decrement), with separate male and female tables and separate rates for annuitants and non-annuitants, with occupational adjustment.
	Mortality improvement based on MP-2017 scale.
Assumed retirement	Immediate as all are retired

**Plan Changes**

There were no significant plan changes since the last valuation.

**Funding Policy**

The City's funding policy is to make contributions equal to the benefit payments for the year. The Plan is unfunded.

**D. City Pension Plans - Combining Information and Financial Statements**

The City MERF, RAF/PBF/FRF and 415(m) Plan is considered to be part of the City of Hartford's financial reporting entity and is included in the City's financial statements as a pension trust fund. Individual stand-alone statements are not issued.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

As of the actuarial valuation date, July 1, 2017, membership in the City pension plans consisted of:

	(not rounded)		
	City MERF	RAF/PBF/FRF	415(m)
Retirees and beneficiaries currently receiving benefits	3,120	47	7
Active members	2,007		
Inactive plan members entitled to but not yet receiving benefits	262		
Total	5,389	47	7

**Summary of Significant Accounting Policies**

**Basis of Accounting**

Financial statements are prepared using the accrual basis of accounting. Employee contributions are recognized as revenues in the period in which the contributions are due. Employer contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

**Method Used to Value Investments**

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price. Investment income is recognized as earned.

---

**Investments**

**Investment Policy**

The pension plan's policy in regard to the allocation is established and may be amended by the City Retirement Board. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension plan. See allocation below:

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and the best estimates of arithmetic real rates of return for each major asset class as of June 30, 2018 are summarized in the following tables:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Weighted</u>
Large cap equities	10.00 %	4.50 %	0.45 %
Small/mid cap equities	5.00	4.75	0.24
Int'l equities (unhedged)	11.00	5.00	0.55
Emerging int'l equities	6.00	6.50	0.39
Core bonds	5.00	3.89	0.19
High-yield bonds	4.00	2.75	0.11
Unconstrained fixed income	5.00	-0.25	-0.01
EMD (external)	3.00	3.00	0.09
EMD (local currency)	3.00	3.50	0.11
Global TIPS	4.00	1.00	0.04
Long govt/credit	6.50	2.00	0.13
Private equity	5.00	6.50	0.33
Private debt	3.00	5.00	0.15
Real estate (core)	8.00	3.50	0.28
Hedge funds	10.00	3.50	0.35
Global asset allocation	7.00	3.61	0.25
Private real assets	3.00	2.75	0.08
Cash	<u>1.50</u>	0.00	<u>0.00</u>
Total Allocation	<u><u>100.00 %</u></u>		<u>3.73 %</u>
Long-term inflation expectation			<u>2.75 %</u>
Long-term expected normal return			<u><u>6.48 %</u></u>

**Money-Weighted Rate of Return**

For the year ended June 30, 2018, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 5.97%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changes in amounts actually invested.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Discount Rate Calculation**

The discount rate used to measure the total pension liability at June 30, 2018 was as follows:

	<u>City MERF</u>	<u>RAF/PBF/FRF</u>	<u>415(m)</u>
Discount Rate	7.50%	3.87%	3.87%

The long-term expected rate of return on investments may be used to discount liabilities to the extent that the plan's fiduciary net position and future contributions are projected to be sufficient to cover expected benefit payments and administrative expenses for current plan members. Projections of the plan's fiduciary net position incorporate all cash flows for contributions from the employer and employee and administrative expenses.

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Net Pension Liability of the City**

The components of the net pension liability of the City at June 30, 2018, are as follows:

	<u>City MERF</u>	<u>RAF/PBF/FRF</u>	<u>415(m)</u>
Total pension liability	\$ 1,453,091	\$ 1,930	\$ 246
Fund fiduciary net position	<u>1,043,875</u>		
Net Pension Liability	<u>\$ 409,216</u>	<u>\$ 1,930</u>	<u>\$ 246</u>

**E. Pension Plan - State of Connecticut Municipal Employees' Retirement System (CMERS)**

**Plan Description**

All full-time employees except teachers who are eligible to participate in the State of Connecticut Teachers' Retirement System, participate in the Municipal Employees' Retirement System (CMERS). CMERS is a cost-sharing multiple-employer public employee retirement system established by the State of Connecticut and administered by the State Retirement Commission to provide pension benefits to employees of participating municipalities. Chapters 7-425 to 7-451 of the State of Connecticut General Statutes, which can be amended by legislative action, establishes CMERS benefits, member contribution rates and other plan provisions. CMERS is considered to be part of the State of Connecticut's financial reporting entity and is included in the State's financial reports as a pension trust fund. Those reports can be obtained at [www.ct.gov](http://www.ct.gov).

**Benefit Provisions**

The plan provides retirement, disability and death benefits and annual cost-of-living adjustments to plan members and their beneficiaries. Employees are eligible to retire at age 55 with 5 years of continuous active service, or 15-year of active non-continuous aggregate service. In addition, compulsory retirement is at age 65 for police and fire members. Employees under the age of 55 are eligible to retire with 25 years of service under certain conditions.

**Normal Retirement (not rounded)**

For members not covered by social security, retirement benefits are calculated as 2% of the average of the three highest paid years of service times the years of service. For members covered by social security, retirement benefits are calculated as 1 1/2% of the average of the three highest paid years of service not in excess of the year's breakpoint plus 2% of average of the three highest paid years of service in excess of the year's breakpoint, times years of service. The year's breakpoint is defined as \$10,700 increased by 6.0% each year after 1982, rounded to the nearest multiple of \$100. Maximum benefit is 100% of average final compensation and the minimum benefit is \$1,000 annually.

If any member covered by social security retires before age 62, the member's benefit until the member reaches age 62, or a social security disability award is received, is computed as if the member is not under social security.

**Early Retirement**

Members must have 5 years of continuous or 15 years of active aggregate service. Benefits are calculated as a service retirement allowance on the basis of the average of the three highest paid years of service to the date of termination. Deferred to normal retirement age, or an actuarially reduced allowance may begin at the time of separation.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Disability Retirement - Service Connected**

Employees who are totally and permanently disabled and such disability has arisen out of and in the course of employment with the municipality. Disability due to heart and hypertension in the case of fire and police, is presumed to have been suffered in the line of duty. Benefits are calculated as a service retirement allowance based on compensation and service to the date of the disability with a minimum benefit (including worker's compensation benefits) of 50% of compensation at the time of disability. Employees are eligible after 25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service with reduced benefit amounts.

**Disability Retirement - Non-Service Connected**

Employees who have 10 years of service and are totally and permanently disabled. Benefits are calculated as a service retirement allowance based on compensation and service to the date of the disability.

**Death Benefit**

Employees who are eligible for service, disability or early retirement and married for at least 12 months preceding death. Benefits are calculated based on the average of the three highest paid years of service and creditable service at date of death, payable to the spouse. Benefit is equal to 50% of the average of the life annuity allowance and reduced 50% joint and survivor allowance.

**Contributions**

Member - Contributions for members not covered by social security are 5% of compensation; for members covered by social security, 2¼% of compensation up to the social security taxable wage base plus 5%, if any, in excess of such base.

Employer - Participating employers make annual contributions consisting of a normal cost contribution, a contribution for the amortization of the net unfunded accrued liability and a prior service amortization payment, which covers the liabilities of CMERS not met by member contributions.

**Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2018, the City reports a total liability of \$17,468 for its proportionate share of the net pension liability. The net pension liability was measured at June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation at June 30, 2016. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participants, actuarially determined.

At June 30, 2018, the City's proportion was 7.04%. The decrease in proportion from June 30, 2017 is .81%.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

For the year ended June 30, 2018, the City recognized pension expense of \$4,065 in Exhibit II. At June 30, 2018, the City reported deferred inflow of resources and deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 332	\$
Changes of assumptions		
Change in proportionate share	180	330
City contributions after the measurement date	2,851	
Net difference between projected and actual earning on pension plan investments	<u>1,399</u>	
Total	<u>\$ 4,762</u>	<u>\$ 330</u>

Amounts reported as deferred outflows of resources related to City contributions after the measurement date will be recognized as a reduction of the net pension liability in the subsequent year.

Amounts reported as deferred outflows and deferred inflows of resources related to pension will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	
2019	\$ 3,370
2020	1,389
2021	462
2022	<u>(789)</u>
	<u>\$ 4,432</u>

**Actuarial Assumptions**

The total pension liability was determined by an actuarial valuation as of June 30, 2016, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25%
Salary increase	4.25-11.00%, including inflation
Investment rate of return	8.00%, net of pension plan investment expense, including inflation

Mortality rates were based on the RP-2000 Mortality Table for annuitants and nonannuitants (set forward one year for males and set back one year for females).

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2007 - June 30, 2012.

Future cost-of-living adjustments for members who retire on or after January 1, 2002 are 60% of the annual increase in the CPI up to 6%. The minimum annual COLA is 2.5%; the maximum is 6%.

**CITY OF HARTFORD, CONNECTICUT**

*(in thousands)*

---

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major class are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Large Cap U.S. equities	16.0%	5.8%
Developed non-U.S. equities	14.0%	6.6%
Emerging markets (Non-U.S.)	7.0%	8.3%
Core fixed income	8.0%	1.3%
Inflation linked bond fund	5.0%	1.0%
Emerging market bond	8.0%	3.7%
High yield bonds	14.0%	3.9%
Real estate	7.0%	5.1%
Private equity	10.0%	7.6%
Alternative investments	8.0%	4.1%
Liquidity fund	3.0%	.4%
Total	100.0%	

**Discount Rate**

The discount rate used to measure the total pension liability was 8.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

---

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the City’s proportionate share of the net pension liability, calculated using the discount rate of 8.00%, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	<u>1% Decrease (7.00%)</u>	<u>Current Discount Rate (8.00%)</u>	<u>1% Increase (9.00%)</u>
City’s proportionate share of the net pension liability	\$ 34,765	\$ 17,621	\$ 3,201

**Payable to MERS**

The City has also recorded \$1,107 as a long-term payable to CMERS at June 30, 2018.

**F. Pension Plan - State of Connecticut Teachers Retirement**

**Plan Description**

Teachers, principals, superintendents or supervisors engaged in service of public schools are provided with pensions through the Connecticut State Teachers’ Retirement System, a cost sharing multiple-employer defined benefit pension plan administered by the Teachers Retirement Board. Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the Teachers Retirement Board. The Teachers Retirement Board issues a publicly available financial report that can be obtained at [www.ct.gov](http://www.ct.gov).

**Benefit Provisions**

The plan provides retirement, disability and death benefits. Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut.

**Normal Retirement**

Retirement benefits for employees are calculated as 2% of the average annual salary times the years of credited service (maximum benefit is 75% of average annual salary during the 3 years of highest salary).

**Early Retirement**

Employees are eligible after 25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service with reduced benefit amounts.

**Disability Retirement**

Employees are eligible for service-related disability benefits regardless of length of service. Five years of credited service is required for nonservice-related disability eligibility. Disability benefits are calculated as 2% of average annual salary times credited service to date of disability, but not less than 15% of average annual salary, nor more than 50% of average annual salary.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Contributions**

Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the State of Connecticut are approved, amended and certified by the State Teachers Retirement Board and appropriated by the General Assembly.

*Employer (School Districts)*

School District employers are not required to make contributions to the plan.

The statutes require the State of Connecticut to contribute 100% of each school districts' required contributions, which are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of the benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability.

*Employees*

Effective July 1, 1992, each teacher is required to contribute 6% of salary for the pension benefit.

Effective January 1, 2018, the required contribution increased to 7% of pensionable salary.

**Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2017, the City reports no amounts for its proportionate share of the net pension liability, and related deferred outflows and inflows, due to the statutory requirement that the State pay 100% of the required contribution. The amount recognized by the City as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the City were as follows:

City's proportionate share of the net pension liability	\$	-
State's proportionate share of the net pension liability associated with the City		<u>528,969</u>
Total	\$	<u><u>528,969</u></u>

The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016. At June 30, 2018, the City has no proportionate share of the net pension liability.

For the year ended June 30, 2018, the City recognized pension expense and revenue of \$61,186 in Exhibit II for on-behalf amounts for the benefits provided by the State.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Actuarial Assumptions**

The total pension liability was determined by an actuarial valuation as of June 30, 2016, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary increase	3.25-6.50%, including inflation
Investment rate of return	8.00%, net of pension plan investment expense, including inflation

Mortality rates were based on the RPH-2014 White Collar table with employee and annuitant rates blended from ages 50 to 80, projected to the year 2020 using the BB improvement scale, and further adjusted to grade in increased rates (5% for females and 8% for males) over age 80 for the period after service retirement and for dependent beneficiaries as well as for active members. The RPH-2014 Disabled Mortality Table projected to 2017 with Scale BB is used for the period after disability retirement.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2010 - June 30, 2015.

For teachers who retired prior to September 1, 1992, pension benefit adjustments are made in accordance with increases in the Consumer Price Index, with a minimum of 3% and a maximum of 5% per annum.

For teachers who were members of the Teachers' Retirement System before July 1, 2007 and retire on or after September 1, 1992, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 6% per annum. If the return on assets in the previous year was less than 8.5%, the maximum increase is 1.5%.

For teachers who were members of the Teachers' Retirement System after July 1, 2007, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 5% per annum. If the return on assets in the previous year was less than 11.5%, the maximum increase is 3%, and if the return on the assets in the previous year was less than 8.5%, the maximum increase is 1.0%.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**

---

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of arithmetic real rates of return for each major class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Large Cap U.S. equities	21.0%	7.3%
Developed non-U.S. equities	18.0%	7.5%
Emerging markets (Non-U.S.)	9.0%	8.6%
Core fixed income	7.0%	1.7%
Inflation linked bond fund	3.0%	1.3%
Emerging market bond	5.0%	4.8%
High yield bonds	5.0%	3.7%
Real estate	7.0%	5.9%
Private equity	11.0%	10.9%
Alternative investments	8.0%	0.7%
Liquidity fund	6.0%	0.4%
Total	<u>100.0%</u>	

**Discount Rate**

The discount rate used to measure the total pension liability was 8.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that State contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The City's proportionate share of the net pension liability is \$-0- and, therefore, the change in the discount rate would only impact the amount recorded by the State of Connecticut.

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial statements available at [www.ct.gov](http://www.ct.gov).

**Other Information**

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the City has no obligation to contribute to the plan.

**12. OTHER POST-EMPLOYMENT BENEFITS**

**A. City and Board of Education Plans**

The City, in accordance with various collective bargaining agreements, is committed to provide health and other benefits to eligible retirees and their spouses. Benefits are established and amended through negotiations between the City and the various unions representing City employees. The City pays the full cost of life insurance premiums. The percentage contribution of employees and retirees for medical benefits are negotiated with the various unions representing the employees. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts towards the cost of receiving benefits under the City’s self-insured medical benefits program. The City provides post-retirement benefits through a single-employer defined benefit plan. The post-retirement plan does not issue stand-alone financial reports.

The number of participants as of June 30, 2018 was as follows:

	(not rounded)		
	City	Board of Education	Total
Active Employees	1,312	2,994	4,306
Retired Employees	1,287	247	1,534
	<u>2,599</u>	<u>3,241</u>	<u>5,840</u>

**Investments**

**Investment Policy**

The OPEB plan’s policy in regard to the allocation of invested assets is established and may be amended by the OPEB Committee which is comprised of the voting members of the Pension Commission together with the City Treasurer, who serves as Secretary, as well as the Mayor and the Superintendent or their designees. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension plan.

**Funding Policy**

The City continues the commitment to meet its obligations for post-employment benefits for retirees entitled to receive benefits through the annual General Fund budget process. The obligations of the plan members are established pursuant to applicable collective bargaining and employment agreements. The City currently contributes to the plan on a pay-as-you-go basis to satisfy current obligations and, when able, contributes to future benefits. The costs of administering the plan are paid by the City.

---

**Money-weighted rate of Return**

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the year ended June 30, 2018, the annual money-weighted rate of return on investments, net of investment expense, was as follows:

City	0.00%
Board of Education	3.64%

**Net OPEB Liability of the City**

The City's net OPEB liability was measured as of June 30, 2018. The components of the net OPEB liability of the City at June 30, 2018, were as follows:

	<u>City</u>	<u>Education</u>	<u>Total</u>
Total OPEB liability	\$ 404,184	\$ 40,284	\$ 444,468
Plan fiduciary net position	<u>2,381</u>	<u>18,824</u>	<u>21,205</u>
Net OPEB Liability	<u>\$ 401,803</u>	<u>\$ 21,460</u>	<u>\$ 423,263</u>
Plan fiduciary net position as a percentage of the total OPEB liability	0.59%	46.73%	4.77%
Covered payroll	90,726	197,486	288,212
Net OPEB Liability	442.88%	10.87%	146.86%

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation as of July 1, 2017, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation date:	7/1/2017
Actuarial cost method:	Entry age normal (level percentage of salary)
Investment rate of return	City - 3.87%, net of investment related expense BOE - 7.50%, net of investment related expense
Inflation:	2.75%
Mortality:	City Plan - Fire and Police - RP-2014 adjusted to 2006 blue collar mortality table projected to valuation date with scale MP-2017 All Others - RP-2014 Adjusted to 2006 total dataset mortality table projected to valuation date with scale MP-2017
Disabled Mortality	City Plan - Fire and Police - RP-2014 Adjusted to 2006 disabled retiree mortality table with scale MP-2017 All Others - N/A
Mortality Improvement:	Projected to date of decrement using Scale MP-2017 (generational).

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2010 through June 30, 2015 for all groups except Local 1716, Local 566 and BOE Certified. The actuarial assumptions used in the valuation for Local 1716, Local 566 and BOE Certified were based on assumptions used by the State of Connecticut Municipal Employee Retirement System actuaries, the Connecticut State Teachers' Retirement System actuaries, where applicable and input from the plan sponsor.

There were no significant changes in actuarial assumptions for the City Plan. For the BOE Plan, the July 1, 2017 valuation reflects changes in assumptions related to mortality, retirement, withdrawal and healthcare cost trend rates.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**Rate of Return**

The long-term expected rate of return on OPEB plan investments was determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. Best estimated of the real rates of return for each major asset class are included in the OPEB plan's target asset allocation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocation as of June 30, 2018, and the final investments return assumption for the BOE plan, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Weighting</u>
U.S. Large Cap Equity	17.00 %	4.75 %	0.80
U.S. Mid/Small Cap Equity	8.00	5.00	0.40
International Developed Equity	10.00	5.00	0.50
Emerging Markets Equity	5.00	6.75	0.30
Core Bond Fixed Income	20.00	1.25	0.30
High Yield Fixed Income	5.00	3.00	0.20
Emerging Markets Local Fixed Income	2.50	3.75	0.10
Emerging Markets External Fixed Income	2.50	3.00	0.10
REITs	5.00	3.75	0.20
Cash	25.00	0.25	0.10
Total Allocation	<u>100.00 %</u>		3.00
Long Term Inflation Expectation			<u>2.75</u>
			<u>5.75</u>

**Discount Rate**

The discount rate used to measure the total OPEB liability for the City and the BOE was 3.87% and 7.50%, respectively. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City/BOE contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Also, based on the net position of the plans and contribution policies, it was assumed the plan's projected fiduciary net position would be sufficient to cover projected benefit payments and administrative expenses indefinitely. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

**B. State Teachers Retirement Plan**

**Plan Description**

Teachers, principals, superintendents or supervisors engaged in service of public schools plus professional employees at State Schools of higher education are eligible to participate in the Connecticut State Teachers' Retirement System Retiree Health Insurance Plan (TRS-RHIP), a cost sharing multiple-employer defined benefit other post-employment benefit plan administered by the Teachers' Retirement Board (TRB), if they choose to be covered.

Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS-RHIP issues a publicly available financial report that can be obtained at [www.ct.gov/trb](http://www.ct.gov/trb).

**Benefit Provisions (not in thousands)**

There are two types of the health care benefits offered through the system. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the CTRB Sponsored Medicare Supplemental Plans provide coverage for those participating in Medicare but not receiving Subsidized Local School District Coverage.

Any member who is not currently participating in Medicare Parts A & B is eligible to continue health care coverage with their former employer. A subsidy of up to \$110 per month for a retired member plus an additional \$110 per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, and any remaining portion is used to offset the district's cost. The subsidy amount is set by statute and has not increased since July 1996. A subsidy amount of \$220 per month may be paid for a retired member, spouse or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost, and contributes at least \$220 per month towards coverage under a local school district plan.

Any member who is currently participating in Medicare Parts A & B is eligible to either continue health care coverage with their former employer, if offered, or enroll in the plan sponsored by the System. If they elect to remain in the plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplemental Plans. Active members, retirees and the State pay equally toward the cost of the basic coverage (medical and prescription drug benefits). There are three choices for coverage under the CTRB Sponsored Medicare Supplemental Plans. The choices and 2017 calendar year premiums charged for each choice are shown in the table below:

- |  |       |
|--|-------|
| • Medicare Supplement with Prescriptions                           | \$ 92 |
| • Medicare Supplement with Prescriptions and Dental                | 136   |
| • Medicare Supplement with Prescriptions, Dental, Vision & Hearing | 141   |

Those participants electing vision, hearing and/or dental are required by the System's funding policy to pay the full cost of coverage for these benefits, and no liability is assumed by the plan for these benefits.

### **Survivor Health Care Coverage**

Survivors of former employees or retirees remain eligible to participate in the plan and continue to be eligible to receive either the \$110 monthly subsidy or participate in the TRB-Sponsored Medicare Supplemental Plans, as long as they do not remarry.

### **Eligibility (not in thousands)**

Any member who is currently receiving a retirement or disability benefit is eligible to participate in the plan.

### **Credited Service**

One month for each month of service as a teacher in Connecticut public schools, maximum 10 months for each school year. Ten months of credited service constitutes one year of Credited Service. Certain other types of teaching services, State employment, or wartime military service may be purchased prior to retirement if the member pays one-half the cost.

### **Normal Retirement**

Age 60 with 20 years of Credited Service in Connecticut, or 35 years of Credited Service including at least 25 years of service in Connecticut.

### **Early Retirement**

Age 55 with 20 years of Credited Service including 15 years of Connecticut service, or 25 years of Credited Service including 20 years of Connecticut service.

### **Proratable Retirement**

Age 60 with 10 years of Credited Service.

### **Disability Retirement**

No service requirement if incurred in the performance of duty, and 5 years of Credited Service in Connecticut if not incurred in the performance of duty.

### **Termination of Employment**

Ten or more years of Credited Service.

### **Contributions (not in thousands)**

#### *State of Connecticut*

Per Connecticut General Statutes Section 10-183z, contribution requirements of active employees and the State of Connecticut are approved, amended and certified by the State Teachers' Retirement Board and appropriated by the General Assembly. The State contributions are not currently actuarially funded. The State appropriates from the General Fund one third of the annual costs of the Plan. Administrative costs of the Plan are financed by the State. Based upon Chapter 167a, Subsection D of Section 10-183t of the Connecticut statutes, it is assumed the State will pay for any long-term shortfall arising from insufficient active member contributions.

#### *Employer (School Districts)*

School District employers are not required to make contributions to the plan.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

*Employees*

Each member is required to contribute 1.25% of their annual salary up to \$500,000. Contributions in excess of \$500,000 will be credited to the Retiree Health Insurance Plan.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At June 30, 2018, the City reports no amounts for its proportionate share of the net OPEB liability, and related deferred outflows and inflows, due to the statutory requirement that the State pay 100% of the required contribution. The amount recognized by the City as its proportionate share of the net OPEB liability, the related State support and the total portion of the net OPEB liability that was associated with the City was as follows:

City's proportionate share of the net OPEB liability	\$	-
State's proportionate share of the net OPEB liability associated with the City		<u>136,151</u>
Total	\$	<u><u>136,151</u></u>

The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as June 30, 2016. At June 30, 2018, the City has no proportionate share of the net OPEB liability.

For the year ended June 30, 2018, the City recognized OPEB expense and revenue of \$6,310 in Exhibit II for on-behalf amounts for the benefits provided by the State.

**Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation as of June 30, 2016, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Health care costs trend rate	7.25% decreasing to 5.00% by 2022
Salary increases	3.25-6.50%, including inflation
Investment rate of return	3.56%, net of OPEB plan investment expense, including inflation
Year fund net position will be depleted	2018

Mortality rates were based on the RPH-2014 White Collar table with employee and annuitant rates blended from ages 50 to 80, projected to the year 2020 using the BB improvement scale, and further adjusted to grade in increases (5% for females and 8% for males) over age 80. For disabled retirees, mortality rates were based on the RPH-2014 Disabled Mortality Table projected to 2017 using the BB improvement scale.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2010 - June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the GASB 74 valuation process. Several factors are considered in evaluating the long-term rate of return assumption, including the plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net investment expense and inflation) for each major asset class. The long-term expected rate of return was determined by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The plan is 100% invested in U.S. Treasuries (Cash Equivalents) for which the expected 10-Year Geometric Real Rate of Return is (0.04%).

**Discount Rate**

The discount rate used to measure the total OPEB liability was 3.56%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current member contribution rate and that contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members. No future State contributions were assumed to be made. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be depleted in 2018 and, as a result, the Municipal Bond Index Rate was used in the determination.

**Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate and the Discount Rate**

The City's proportionate share of the net OPEB liability is \$-0- and, therefore, the change in the health care cost trend rate or the discount rate would only impact the amount recorded by the State of Connecticut.

**Other Information**

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the City has no obligation to contribute to the plan. Detailed information about the Connecticut State Teachers OPEB Plan fiduciary net position is available in the separately issued State of Connecticut Comprehensive Annual Financial Report at [www.ct.gov](http://www.ct.gov).

**13. CONTINGENCIES, COMMITMENTS AND RISK MANAGEMENT**

**A. Litigation**

The City, its officers and employees, are defendants in various lawsuits including personal injury, property damage, civil rights violations and other miscellaneous claims. The city is insured for damages (see section C. below). Judgments or settlements for less than the deductible are paid from the General Fund. Corporation Counsel expects that none of the cases currently in litigation, if adversely decided would have a material negative impact on the finances of the City. The City has recorded \$4.0 million in the government-wide financial statement to cover probable claims.

**CITY OF HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2018**  
*(in thousands)*

---

**B. Contingencies**

The City participates in various federal and state grant programs. These programs are subject to program compliance audits pursuant to the Federal and State Single Audit Acts. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the City anticipates such amounts, if any, to be immaterial.

**C. Contractual Commitments**

On July 1, 2017, the City extended an existing service agreement with the Materials Innovation and Recycling Authority (MIRA), for which there is an estimated service fee of \$2.1 million per year for ten years of solid waste processing. The service fee is subject to annual revision based on the net cost of operating the facility.

**D. Risk Management**

The City has established a risk management program to account for and finance its uninsured risk of loss for employee benefits (including comprehensive life, hospital and major medical benefits), workers' compensation, and liability and property damage. Under this program, primary coverage is provided by the city up to a maximum of \$500,000 in health insurance claims for each individual per claim year, a \$2.0 million self-insurance retention for workers' compensation claims for the City (\$1.0 million for the BOE and Library), \$500,000 self-insurance retention for auto and general liability claims, \$250,000 self-insurance retention for property damage claims, and \$500,000 for public officials' claims. Each of these self-insurance programs was established by Council Ordinance and accounted for in an Internal Service Fund to account for and report on the City's total costs associated with risk management. The General Fund makes monthly payments to the Internal Service Fund based on amounts budgeted as necessary to meet all current and a portion of future claims and administrative expenses. In addition, the City Treasurer and Pension Commission are covered by fiduciary liability insurance.

The City purchases insurance for all legal liabilities in excess of a \$500,000 (not rounded) self-insured retention and public officials' liability in excess of a \$500,000 (not rounded) deductible. All City property is insured for fire and extended coverage with a \$100,000 (not rounded) deductible. Certain settled claims have exceeded the self-insured retention amounts in any one year, but no claims have exceeded the commercial coverage in the past three years.

Workers' compensation salary continuation, if applicable, is initially paid from the employee's respective department budget after which statutory compensation payment is administered by PMA Companies, the City's workers' compensation third-party administrator.

**CITY OF HARTFORD, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2018  
(in thousands)**

---

**Claims Payable**

The General Fund makes payments to the Self Insurance Fund based on actuarial or underwriting estimates of the amounts needed to pay current-year claims, additional estimated losses on current claims, and amount to cover incurred but not reported claims and administrative expenses. The claims liability of \$37,443, reported in the fund at June 30, 2018, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Fund’s claims liability amount in fiscal years 2018 and 2017 were:

	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>End of Fiscal Year Liability</u>
Self -Insurance Fund				
2016-2017	\$ 33,400	\$ 118,946	\$ 115,235	\$ 37,111
2017-2018	37,111	110,188	109,856	37,443

**14. FISCAL AGENT AGREEMENT**

During the year, three major taxpayers in the City entered into an agreement with the City, (the Agreement), dated June 12, 2018, whereby they committed to contribute \$50,000,000 over a period of five years, as part of a comprehensive sustainable response to the City’s fiscal challenges for the purpose of supporting the City’s public libraries, public safety, and public recreation.

A public foundation will act as the City’s fiscal agent to receive and hold the contributed funds and to disburse such funds to the City, consistent with the charitable purposes of the foundation and the terms of the agreement.

The agreement is subject to certain terms and conditions and may be terminated should the foundation deem that the funds are for any purpose other than the purposes as described above.

Subsequent to June 30, 2018, the City has received \$6,667 under this agreement, the remaining \$3,333 to equal \$10,000 for fiscal 2019 is being held at the public foundation to be distributed during the fiscal year ending June 30, 2019.

## **15. CONTRACT ASSISTANCE AND MUNICIPAL OVERSIGHT**

In December 2017, the City of Hartford requested Tier III designation under the State of Connecticut Municipal Accountability Review Board (MARB) in order to access additional tools in achieving long term fiscal sustainability in exchange for significant accountability and oversight. The City was approved as a Tier III municipality in 2018. As a Tier III municipality under MARB oversight, the City of Hartford is required to submit and present at a public meeting monthly financial reports to ensure the City is operating with fiscal diligence in conformity with the annual budget and broader financial plan. The City's General Fund recommended budget must be reviewed by the MARB on an annual basis and the revenue assumptions must be approved by the MARB. Any union tentative agreements must also be reviewed by the MARB.

In addition, during March 2018 the City entered into a Contract Assistance Agreement with the State of Connecticut to service the approximately \$540 million in current general obligation debt service until such debt was retired. This agreement is backed by the full faith and credit of the State of Connecticut. As part of this agreement, the City of Hartford is subject to considerable financial oversight and is precluded from going into the bond market for at least the next five years. There are also limitations on the issuance of new debt for a ten-year period following the end of MARB oversight. Under the contract assistance agreement, the City must fully fund the Municipal Employee Retirement Fund (MERF) actuarially determined employer contribution (ADEC), is precluded from accumulating general fund operating deficits above 1% or more of general fund revenue per the most recently completed fiscal year's independent audit or has an operating general fund deficit 1.5% or greater of average general fund revenue over two consecutive years, or has a cumulative unassigned fund balance deficit of 1.5% or more of its general fund revenues and operating transfers in. Lack of compliance with such requirements would trigger a default, thus placing the City in Tier IV full oversight.

The City of Hartford provided a 5-year Municipal Recovery Plan to the MARB in March 2018, comprised of revenue and expenditures assumptions, contract assistance for debt service, labor concessions, economic development goals and initiatives to generate grand list growth, as well as revenue and expenditure initiatives, the combination of which provided a pathway to fiscal balance. Such plan required the City to shift to a Pay-As-You-Go Capital Improvement Program, whereby the capital expenditure program is funded primarily from the General Fund. Such plan was reviewed in detail by the full MARB and a subcommittee thereof and approved in June 2018. The City will resubmit an updated Municipal Recovery Plan annually in concert with the Mayor's Recommended General Fund Budget.

Valuation date: July 1, 2017  
 Measurement date: June 30, 2018  
 Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry Age Normal
Remaining amortization period	25 years, level dollar, closed
Asset valuation method	5-year smoothed market
Inflation	2.75%
Salary increases	2.75% for inflationary salary increases
Investment rate of return	7.5%, net of investment-related and administrative expenses
Retirement age	Police - 100% retire at 60, regardless of service and must be age 40 to retire; Fire - 100% retire at 30 years of service for all ages; BOE 100% retire at age 75; Municipal Services and Library - If less than 20 years of service, 100% retire at 75 or retire at 35 years of service.
Mortality	RP-2014 fully projected with separate male and female tables and separate rates for annuitants and non-annuitants with occupational adjustment

**Notes to Schedule**

Valuation date: July 1, 2016  
Measurement date: June 30, 2017  
Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported

Methods and assumptions used to determine contribution rates:

Actuarial cost method: Entry Age  
Amortization method: Level dollar, closed  
Single equivalent amortization period: 24 years  
Asset valuation method: 5 years smoothed market (20% write up)  
Inflation: 3.25%  
Salary increases: 4.25% - 11%, including inflation  
Investment rate of return: 8%, net of investment related expense  
Changes in assumptions: In 2013, rates of mortality, withdrawal, retirement and assumed rates of salary increases were adjusted to more closely reflect actual and anticipated experience.

## NONMAJOR GOVERNMENTAL FUNDS

### Special Revenue Funds

Special Revenue Funds are established in the City pursuant to State Statutes and local ordinance or resolution. Special revenue funds are a governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

Fund	Funding Source	Function
Section 8	Federal grants	Housing assistance
Miscellaneous Grants	State, federal, other grants	Various programs
Food Services Program	State and federal grants, and sales of food	School lunch and breakfast programs
Health Grants	State and federal grants	Health and human services
Library Grants	Grants & contributions	Public library system
Community Development	Federal block grants	Housing and development
Home Program	Federal grants	Affordable housing
Great Path Academy	State grants	Education
Parks & Recreation Trusts	Donation & trust income	Park and recreation
Special Activities	Fees for community use of schools	Education

### Capital Projects Funds

Capital Projects Funds are used to account for financial resource to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds or trust funds). The City's three nonmajor capital projects funds include the Redevelopment Fund, Capital Leases and HUD Special Projects Fund. The Redevelopment Fund accounts for the acquisition and improvement of properties for future development. The Capital Leases Fund accounts for the financing and acquisition of city vehicles and heavy equipment. The HUD Special Projects Fund accounts for special project funding used for urban development.

### Permanent Funds

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes as defined by the grantor. The City's permanent trust funds include funds for public safety, parks and recreation, human services, and education.

## **Internal Service Funds**

## **INTERNAL SERVICE FUNDS**

Internal service funds are used to report any activity that provides goods or services to other funds, departments, or agencies of the City, or to other governments, on a cost-reimbursement basis.

The City maintains five (5) internal service funds to account for the risk management program for employee benefits including retirees, actives, VEBA, workers' compensation, and general liability, including property damage.

An internal service fund is also maintained for the Metro Hartford Information Services Fund (MHIS). The accounting and reporting for the centralized computer services, including communication systems, is maintained through this internal service fund.

## **Fiduciary Funds**

## **FIDUCIARY FUNDS**

### **Pension and Other Post-Employment Benefits Trust Funds**

The pension and other post-employment benefits (OPEB) trust funds are used to account for the activities of the Hartford Retirement System, which accumulates resources for pension benefit payments to qualified City employees and the activities of the OPEB trust fund, which accounts for the health and other post-employment benefits provided to eligible retirees and their spouses.

### **Agency Funds**

Agency funds are used to report resources held by the City in a purely custodial capacity (assets equal liabilities).

The City reports student activities, including class events and various other functions of the Hartford Public School System within the School Agency Funds. Additionally, the City collects funds in a custodial capacity through tax collection for Connecticut Green Bank (C-Pace), Park Street Special District Fund, and Downtown Business District Fund.

**Statistical Section**

## STATISTICAL SECTION INFORMATION

The objectives of the statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate *own-source revenues* (property taxes, charges for services, etc.).
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended (1) to assist users in understanding the socioeconomic environment and (2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

---

Sources: Unless otherwise noted, the information in the tables is derived from the comprehensive annual financial reports for the relevant year.

**Independent Auditors' Report on Compliance for Each Major State Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act**

To the Honorable Mayor and the Members of the Court of Common Council  
City of Hartford, Connecticut

**Report on Compliance for Each Major State Program**

We have audited the City of Hartford, Connecticut's compliance with the types of compliance requirements described in the Office of Policy and Management's *Compliance Supplement* that could have a direct and material effect on each of the City of Hartford, Connecticut's major state programs for the year ended June 30, 2018. The City of Hartford, Connecticut's major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its state programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of the City of Hartford, Connecticut's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S. Sections 4-230 to 4-236). Those standards and the State Single Audit Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the City of Hartford, Connecticut's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the City of Hartford, Connecticut's compliance.

### ***Opinion on Each Major State Program***

In our opinion, the City of Hartford, Connecticut, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2018.

### **Report on Internal Control over Compliance**

Management of the City of Hartford, Connecticut, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Hartford, Connecticut's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Hartford, Connecticut's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.

## **Report on Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act**

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Hartford, Connecticut's basic financial statements. We issued our report thereon dated December 26, 2018, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

**CITY OF HARTFORD, CONNECTICUT  
 NOTES TO SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE  
 FOR THE YEAR ENDED JUNE 30, 2018**

---

**NOTE 1 - BASIS OF PRESENTATION**

The accompanying schedule of expenditures of state financial assistance (the Schedule) includes the state grant activity of the City of Hartford, Connecticut, under programs of the State of Connecticut for the year ended June 30, 2018. Various departments and agencies of the State of Connecticut have provided financial assistance through grants and other authorizations in accordance with the General Statutes of the State of Connecticut. Because the Schedule presents only a selected portion of the operations of the City of Hartford, Connecticut, it is not intended to, and does not, present the financial position, changes in fund balance, changes in net position or cash flows of the City of Hartford, Connecticut.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the City of Hartford, Connecticut, conform to accounting principles generally accepted in the United States of America as applicable to governmental organizations. The information in the Schedule is presented based upon regulations established by the State of Connecticut, Office of Policy and Management.

Expenditures reported on the Schedule are presented on the modified accrual basis of accounting. In accordance with Section 4-236-22 of the Regulations to the State Single Audit Act, certain grants are not dependent on expenditure activity and, accordingly, are considered to be expended in the fiscal year of receipt. These grant program receipts are reflected in the expenditures column of the Schedule.

**NOTE 3 - LOCAL CAPITAL IMPROVEMENT PROGRAMS**

The following is a list of expenditures for individual projects funded under the Local Capital Improvement Program for the fiscal year ended June 30, 2018:

<u>Project No.</u>	<u>Expenditures</u>
064-10-030	\$ 25,245
064-10-060	140,647
064-12-010	61,534
064-15-010	34,202
<b>Total</b>	<b>\$ <u>261,628</u></b>

**CITY OF HARTFORD, CONNECTICUT

**NOTE 4 - LOAN PROGRAMS**

In accordance with Section 4-236-23(a)(4)(F) of the Regulations to the State Single Audit Act, the notes to the schedule of expenditures of state financial assistance shall include loans and loan activities. The following is a summary of the various loan program activity for the year ended June 30, 2018:

Department of Energy and Environmental Protection:

Clean Water Funds:

<u>Issue Date</u>	<u>Interest Rate</u>	<u>Original Amount</u>	<u>Balance Beginning</u>	<u>Issued</u>	<u>Retired</u>	<u>Balance Ending</u>
6/30/08	2%	\$ 1,921,859	\$ 1,046,796	\$ -	\$ 95,520	\$ 951,277

**Independent Auditors' Report on Internal Control over  
Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards***

To the Honorable Mayor and the Members of the Court of Common Council  
City of Hartford, Connecticut

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Hartford, Connecticut's basic financial statements, and have issued our report thereon dated December 26, 2018.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Hartford, Connecticut's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Hartford, Connecticut's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Hartford, Connecticut's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2018-001, that we consider to be a significant deficiency.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Hartford, Connecticut's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **The City of Hartford, Connecticut's Response to Findings**

The City of Hartford, Connecticut's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City of Hartford, Connecticut's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Hartford, Connecticut's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Hartford, Connecticut's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**I. SUMMARY OF AUDITORS' RESULTS**

**Financial Statements**

Type of auditors' report issued: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified? \_\_\_\_\_ yes   X   no
- Significant deficiency(ies) identified? \_\_\_\_\_ yes   X   none reported
- Noncompliance material to financial statements noted? \_\_\_\_\_ yes   X   no

**State Financial Assistance**

Internal control over major programs:

- Material weakness(es) identified? \_\_\_\_\_ yes   X   no
- Significant deficiency(ies) identified? \_\_\_\_\_ yes   X   none reported

Type of auditors' report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Section 4-236-24 of the Regulations to the State Single Audit Act? \_\_\_\_\_ yes   X   no

The following schedule reflects the major programs included in the audit:

State Grantor and Program	State Core-CT Number	Expenditures
Department of Education:		
Priority School Districts	11000-SDE64370-17043-82052	\$ 4,453,233
Magnet Schools	11000-SDE64370-17057	59,683,994
Department of Office and Policy and Management:		
Reimburse Towns - Tax Loss on State Property	1100-OPM20600-17004	10,162,953
Debt Service Contract Assistance	Public Act 17-2	11,888,917
Dollar threshold used to distinguish between type A and type B programs:		\$ 2,927,913

**II. FINANCIAL STATEMENT FINDINGS**

**2018-001** Revenue Collection Controls

**Criteria** Republic Parking System ticket controls directly related to revenue collection are inadequate to ensure accurate and complete reporting to the Hartford Parking Authority.

<b>Condition</b>	The internal auditor report for Republic Parking System, which assessed controls over various processes including those related to revenue collection, noted inconsistencies between ticket tracking and inventory written policies and current location practices.
<b>Context</b>	Operating revenue of \$8,815,578 is reported in the discretely presented component unit of the City of Hartford's Comprehensive Annual Financial Report.
<b>Effect</b>	The accuracy and completeness of revenue reports submitted by Republic Parking System to the Authority are unknown.
<b>Cause</b>	Republic Parking System was not enforcing their policies related to ticket management.
<b>Recommendation</b>	<p>Republic Parking System received an acceptable score on the overall internal audit assessment, however, there were deficiencies in internal controls specifically regarding ticket revenue that have a potential of negatively impacting the Hartford Parking Authority.</p> <p>We recommend that the Authority request additional auditing be performed on the Republic Parking System and their internal controls over ticket reporting be strengthened to ensure that ticket data reported to the Authority is complete and accurate.</p>
<b>Views of Responsible Officials and Planned Corrective Actions</b>	Hartford Parking Authority will monitor the changes and improvements regarding the internal ticket controls on a regular basis with Republic Parking System. Hartford Parking Authority will investigate the options available to obtain an external audit to be performed on the Republic Parking System.

**Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

To the Honorable Mayor and Members of the Court of Common Council  
City of Hartford, Connecticut

**Report on Compliance for Each Major Federal Program**

We have audited the City of Hartford, Connecticut's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the City of Hartford, Connecticut's major federal program for the year ended June 30, 2018. The City of Hartford, Connecticut's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for the City of Hartford, Connecticut's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Hartford, Connecticut's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major federal program. However, our audit does not provide a legal determination of the City of Hartford, Connecticut's compliance.

### ***Opinion on Each Major Federal Program***

In our opinion, the City of Hartford, Connecticut, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2018.

### **Report on Internal Control over Compliance**

Management of the City of Hartford, Connecticut, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Hartford, Connecticut's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Hartford, Connecticut's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Hartford, Connecticut's basic financial statements. We issued our report thereon dated December 26, 2018, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**CITY OF HARTFORD, CONNECTICUT  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2018**

---

**1. BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Hartford, Connecticut, under programs of the federal government for the year ended June 30, 2018. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Because the Schedule presents only a selected portion of the operations of the City of Hartford, Connecticut, it is not intended to, and does not, present the financial position, changes in fund balance, changes in net position or cash flows of the City of Hartford, Connecticut.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported using the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**3. NONCASH AWARDS**

Donated commodities in the amount of \$1,666,933 are included in the Department of Agriculture's National School Lunch Program, CFDA #10.555.

The amount represents the market value of commodities received. Donated vaccines in the amount of \$1,443 are included in the Department of Health and Human Services Immunization Program, CFDA #93.268.

Donated commodities in the amount of \$ 4,601,635 are included in the Department of Agriculture's WIC Program, CDFA# 10.557

**Independent Auditors' Report on Internal Control over  
Financial Reporting and on Compliance and Other Matters  
Based on an Audit of Financial Statements Performed in  
Accordance with *Government Auditing Standards***

To the Honorable Mayor and the Members of the Court of Common Council  
City of Hartford, Connecticut

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of the City of Hartford, Connecticut, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Hartford, Connecticut's basic financial statements, and have issued our report thereon dated December 26, 2018.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Hartford, Connecticut's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Hartford, Connecticut's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Hartford, Connecticut's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2018-001, that we consider to be a significant deficiency.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Hartford, Connecticut's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **The City of Hartford, Connecticut's Response to Findings**

The City of Hartford, Connecticut's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City of Hartford, Connecticut's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Hartford, Connecticut's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Hartford, Connecticut's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Blum, Shapiro & Company, P.C.*

West Hartford, Connecticut  
December 26, 2018

**CITY OF HARTFORD, CONNECTICUT  
 SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
 FOR THE YEAR ENDED JUNE 30, 2018**

---

**I. SUMMARY OF AUDITORS' RESULTS**

**Financial Statements**

Type of auditors' report issued: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified?        yes   X   no
- Significant deficiency(ies) identified?   X   yes        none reported
- Noncompliance material to financial statements noted?        yes   X   no

**Federal Awards**

Internal control over major programs:

- Material weakness(es) identified?        yes   X   no
- Significant deficiency(ies) identified?        yes   X   none reported

Type of auditors' report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR Section 200.516(a)?   X   yes        no

Major programs:

CFDA #	Name of Federal Program or Cluster
14.871	Section 8 Housing Choice Vouchers

Dollar threshold used to distinguish between type A and type B programs: \$3,000,000

Auditee qualified as low-risk auditee?   X   yes        no

**II. FINANCIAL STATEMENT FINDINGS**

<b>2018-001</b>	Revenue Collection Controls
<b>Criteria</b>	Republic Parking System ticket controls directly related to revenue collection are inadequate to ensure accurate and complete reporting to the Hartford Parking Authority.
<b>Condition</b>	The internal auditor report for Republic Parking System, which assessed controls over various processes including those related to revenue collection, noted inconsistencies between ticket tracking and inventory written policies and current location practices.
<b>Context</b>	Operating revenue of \$8,815,578 is reported in the discretely presented component unit of the City of Hartford's Comprehensive Annual Financial Report.
<b>Effect</b>	The accuracy and completeness of revenue reports submitted by Republic Parking System to the Authority are unknown.

<b>Cause</b>	Republic Parking System was not enforcing their policies related to ticket management.
<b>Recommendation</b>	<p>Republic Parking System received an acceptable score on the overall internal audit assessment, however, there were deficiencies in internal controls specifically regarding ticket revenue that have a potential of negatively impacting the Hartford Parking Authority.</p> <p>We recommend that the Authority request additional auditing be performed on the Republic Parking System and their internal controls over ticket reporting be strengthened to ensure that ticket data reported to the Authority is complete and accurate.</p>
<b>Views of Responsible Officials and Planned Corrective Actions</b>	Hartford Parking Authority will monitor the changes and improvements regarding the internal ticket controls on a regular basis with Republic Parking System. Hartford Parking Authority will investigate the options available to obtain an external audit to be performed on the Republic Parking System.

### **III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**
