TREASURER SHAWN T. WOODEN

FOR IMMEDIATE RELEASE: December 4, 2019

TREASURER WOODEN RESPONDS TO ATTACK BY NRA

Treasurer Shawn T. Wooden today responded to the National Rifle Association's (NRA) attack on the [Responsible Gun Policy](#) he announced yesterday.

“The NRA has been an impediment to common sense gun safety measures in our nation for decades. Sadly, today is no different. Their response is both expected and shows their utter lack of understanding of the Responsible Gun Policy and the law. If the NRA would like to have a serious and constructive dialogue on how to make the civilian gun industry safer, then I'd welcome a conversation any day to discuss my policy and other initiatives we can take to reduce gun violence.”
