**Definition of Supplier Offers**

See Decision dated November 5, 2014 in PURA Docket No. 13-07-18 and Decision dated January 21, 2015 in PURA Docket No. 14-07-19, available at <http://www.ct.gov/pura/docketsearch>.

Description of offer - Identify the following for each offer.

Rate Plan

Identify each offer as Fixed or Variable.

Note: Rates under all residential offers cannot increase during the first three complete billing cycles.

Note: Under a Fixed plan the rate must be fixed for at least four complete billing cycles.

Duration of the offer

Identify the duration of the offer in months, billing cycles, etc. (e.g., four months, six billing cycles, until Nov. 2015).

Cancellation Fees

Indicate whether a cancellation fee applies (e.g., Cancellation fee applies, No cancellation fees, \$25 Cancellation Fee)

Note: All residential cancellation fees are capped at \$50.

Renewable Energy Content

Identify the percentage of renewable energy.

If the offer meets minimum RPS. State that the offer meet the minimum and include the current year minimum percentage. Example below.

"Meets minimum RPS of 19.5%"

If the offer exceeds minimum RPS indicate percent above minimum and total renewable content. Example below.

"Exceeds minimum RPS by 25%. Total renewable content is 44.5%"

Offer Numbers

Separate offers by EDC and customer class. Identify each offer with a separate number. Use consecutive numbering.

Delete offers that will no longer appear on the Rate Board. Highlight new offers in yellow. No other color coding is required.

Other Information

Examples: New customers only; On-line Enrollment; Promotional offers apply; Enrollment Fee \$XX.
