SUBJECT: ED 607 - Survey of Title IX Coordinators

Title IX remains a critical federal civil rights law that prohibits sex discrimination in our schools. It protects male and female students and employees in any educational entity that receives federal funds. The preamble to Title IX of the Education Amendments of 1972 states that:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

Title IX requires that educational entities that receive federal funds have at least one person designated as the Title IX Coordinator. The Title IX Coordinator oversees compliance with the law. Many school districts now have a Title IX Coordinator in each school building. The ED 607 - Title IX Coordinator Survey collects the contact information for Title IX Coordinators and posts a directory on the Connecticut State Department of Education's (CSDE) Web site. The Title IX Web pages can be found by going to:

- <http://www.sde.ct.gov/sde/>
- Under "Quick Links" click on "Bullying and Harassment"
- Click on "Also see [Title IX Website](#) "

This year the entire process can be completed electronically. To complete the requirements for the ED 607 - Title IX Coordinator Survey, please follow the directions on the form attached by September 1, 2011.
