

Water must comply with Section 10-221q of the Connecticut General Statutes (C.G.S) and the USDA Smart Snacks nutrition standards for competitive foods. Water sold in **elementary and middle schools** must be **unflavored** (with or without carbonation) and cannot contain added sugars, sweeteners, (including nutritive and nonnutritive sweeteners), artificial sweeteners, or caffeine. Water sold in **high schools** can be **flavored or unflavored** (with or without carbonation), but cannot contain added sugars, sweeteners, (including nutritive and nonnutritive sweeteners), artificial sweeteners, or caffeine. The portion size of flavored water (with or without carbonation) is limited to 20 fluid ounces. These requirements apply to all public schools, regardless of whether the district implements Healthy Food Certification (HFC) under C.G.S. Section 10-215f.

This list includes products that comply with STATE AND FEDERAL requirements. Product formulations and packaging can change. **The nutrition information below is based on the package label or manufacturer information supplied at the time of product review.** If this information does not match the product label, please submit the product's nutrition information to the CSDE. For more information, see *Submitting Food and Beverage Products for Approval* (<https://portal.ct.gov/-/media/SDE/Nutrition/HFC/FBlist/SubmitProduct.pdf>).

The CSDE's *List of Acceptable Foods and Beverages* is updated regularly and is subject to change. To assist in identifying new items added since the previous edition of this list, the manufacturer and food item (first two columns) of all new items are highlighted in pink. For contact information for listed vendors, see *Contact Information for Vendors* (<https://portal.ct.gov/-/media/SDE/Nutrition/HFC/FBlist/VendorContact.pdf>).

For additional information on complying with the state beverage statute, see the CSDE's handouts, *Allowable Beverages in Connecticut Public Schools* (<https://portal.ct.gov/-/media/SDE/Nutrition/CompFoods/AllowableBeverages.pdf>) and *Questions and Answers on Connecticut Statutes for School Food and Beverages* (<https://portal.ct.gov/-/media/SDE/Nutrition/HFC/CTStatutesQA.pdf>), and the CSDE's Beverages webpage (<https://portal.ct.gov/SDE/Nutrition/Beverage-Requirements/Documents>).

WATER, including plain water and flavored water (with or without carbonation) *without* added sugars, sweeteners (including nutritive and nonnutritive sweeteners), artificial sweeteners, and caffeine

PLAIN WATER AND PLAIN CARBONATED WATER: May be sold in elementary, middle, and high schools. The portion size is unlimited.

FLAVORED WATER AND FLAVORED CARBONATED WATER: The **USDA Smart Snacks nutrition standards allow sales only in high schools.** The portion size is limited to 20 fluid ounces.
