

AGRICULTURE PROGRAM GUIDANCE

For students to be considered part of the agriculture program for reporting on the PSIS as an Agricultural Science and Technology Education (ASTE) student and to count for eligibility for the ASTE grant the following criteria must be met:

- Enrolled in an ASTE course that meets a minimum of 300 minutes a week in grades 10-12
- Plan for and carryout a Supervised Agricultural Experience project that meets the minimum requirements of the local program
- Actively participate in FFA/leadership activities as required by the local program
