\_\_\_\_\_ Date

**Carl D. Perkins Grant  
Postsecondary  
ED 114 and Budget Narrative**

Each community college must complete the ED 114 utilizing the 2017-18 Perkins grant allocation, which will serve as the preliminary grant allocation until the 2018-19 allocations become final. The Connecticut State Department of Education (CSDE) will make adjustments to the 2018-19 budgets to reflect the final allocations.

Local plans will be evaluated based upon core indicator performance levels. Plans must target funds to:

- address specific strategies for improvement based on the overall, systemic goals for improvement and growth of the Career and Technical Education (CTE) Program; and
- assure that the program is such size, scope and quality to improve the quality of career and technical education.

**If the community college fails to meet at least 90 percent of an agreed upon performance level for any of the indicators of performance, it will have to develop and implement a specific improvement plan for each area which indicates steps to be taken.**

The CSDE may, after an opportunity for a hearing, withhold all or part of a local recipient's funding if the local meets any one of the three criteria below:

- fails to implement the required improvement plan;
- makes no improvement within one year of implementing the improvement plan; or
- fails to meet at least 90 percent of a performance for the same performance indicator three years in a row.

The ED 114 should be entered and certified on the CSDE Prepayment Grant System.

Each community college, including each member of a consortium must submit the Continuous Improvement Plan (CIP) as well as the ED 114 and Budget Narrative, ***irrespective of means of transmittal or postmark date, by Friday, June 29, 2018.***

Proposals submitted become the property of the CSDE and a part of the public domain. **One original with original signatures, and one copy of the CIP and the ED 114 and Budget Narrative, must be mailed to Suzanne Alicea at the address below. If you have any questions, contact [Suzanne.Loud@ct.gov](mailto:Suzanne.Loud@ct.gov).**

Academic Office, Suite 603  
P.O. Box 2219  
Hartford, CT 06145-2219

## BUDGET NARRATIVE INSTRUCTIONS

In preparing the budget narrative, provide a complete description of the expenditure for each of the codes being used. Refer to the [Perkins Postsecondary Budget Buddy](#) when completing the budget narrative.

- Program improvement line items in the budget narrative must stipulate the CTE program area and the course(s) being funded.
- Each line item in the budget narrative must give a detailed description of the item(s) that will be purchased, including quantity and unit cost. The personnel costs should be shown by the number of positions, time involved and hourly rate.
- Only institutions that have submitted indirect cost proposals for 2017-18 may apply for indirect costs.
- Compute all expenditures to the **nearest dollar** by line item. **Do not include cents.**

Administrative costs include all non-instructional stipends, salaries and benefits, and all clerical support. Staff travel is considered an administrative cost if the travel is solely related to grant administration. The total combined cost for all duties and expenses that are administrative, including indirect costs, may not exceed 5% of total grant funds.

### KEY CHANGES TO THE CARL D. PERKINS GRANT APPLICATION FOR 2018-19

As defined by the Carl D. Perkins Act, funds must be expended only for CTE programs, services and activities. All aspects of use of Perkins funds must be supported by data and the district/college must have the capacity to measure improvement resulting from the use of Perkins funds. For the 2018-19 Perkins Grant, the CSDE is requiring the following:

- A portion of Perkins funds must be used to improve performance levels in any core indicator area that a CTE program has failed to meet minimum levels for the prior academic year;
- Community colleges participating in the 2018-19 College Career Pathways (CCP) programs must allocate a minimum of **\$20,000 to support the CCP Program**. Of these funds, community colleges must allocate a minimum of 5% towards professional development for partnering high schools' faculty with the community college faculty;
- Programs must have a **CTE two-course** sequence, with the exception of a course that leads to a certification, in order to fund any expenditures in a career cluster, pathway or program area. Academic courses do not count as part of the two-course sequence. Single course "programs" cannot receive funding, with exception noted above. However, expenses for developing the second course may be funded for curriculum development and faculty collaboration over the course of 2018-19 but cannot include funding equipment, supplies or other related expenditures. The second course must be in place for students in the 2019-20 school year;
- CTE Advisory Boards must be active, meet at least twice a year and include business and industry partners. Evidence of advisory board activity should be provided in the 2018-19 Continuous Improvement Plan (CIP) [i.e., list of members, meeting agendas, actions taken on meetings, committee involvement in program improvements and funding];
- Priority should be given to programs that lead to an industry-recognized credential, certificate or associate degree for high-skill, high-need, high-wage careers;
- Out-of-state travel may be allowed on a case-by-case basis. Grantee must justify alignment of professional development activities to specific CTE program area goals and student subgroups identified as high-priority; and
- Stand-alone expenditures unrelated to the CIP and measurable improvement will not be funded.

## **Appendix A: Size, Scope, and Quality – Postsecondary**

Carl D. Perkins funds are awarded to Connecticut community colleges through Perkins Basic formula funds for College Career Pathways (CCP). Funds are intended to improve or develop new CTE courses at the postsecondary level that are relevant, challenging, and lead to employment in high-skill, high-wage, high-demand careers. These are comprehensive CTE Programs of Study rather than stand-alone community college initiatives or individual courses. CTE/CCP programs at each community college must meet both federal and state requirements.

The CCP program promotes greater student achievement, postsecondary preparation, and high accountability. An articulation agreement established between the high school and community college must combine a minimum of two years of secondary education, with a minimum of two years of postsecondary education, in a non-duplicative, sequential course of study or an apprenticeship program of at least two years following secondary instruction.

### **Size**

- A minimum of two (2) courses must be offered within each program area;
- A minimum of two (2) courses per each pathway offered must be articulated;
- A maximum of five (5) pathways may be offered at each community college;
- Articulation agreements, Memoranda of Understanding (MOU) and Memoranda of Agreement (MOA) must require community college level courses in each pathway; and
- Each college must qualify for a minimum allocation of \$50,000 or join in a consortium with another eligible community college to meet the minimum allocation requirement.

### **Scope**

- Articulation agreements, MOU and MOA must require community college level courses in each pathway;
- Pathways must relate to high-skill, high-wage, high-demand careers; and
- Programs must consist of career and technical education courses only.

### **Quality**

- All CCP courses must align to the New England Association of Schools and Colleges (NEASC) Policy on dual enrollment programs; and
- All institutions are required to continue working with the partnership/advisory board which serves in an advisory capacity.

### **Additional Requirements**

- CCP programs will be overseen by the Chief Academic Officer at each community college;
- CCP faculty approval is through the community college's Department Chairperson. High schools may appeal to the Chief Academic Officer for reconsideration of a teacher;
- The integrity of the CCP program is determined by the community college; and
- All institutions are required to continue working with the partnership/advisory board which serves in an advisory capacity.

**Appendix B: Equipment Request Form  
Grant Period 2018-19**

1. Prepare a separate Equipment Request Form for each cluster.
2. Single component items under **\$5,000** (computers are always considered equipment regardless of cost) should not be coded as equipment unless all the component items comprise a larger piece of equipment and have a useful life of one year or more.
3. Items that do not meet the definition of equipment are to be coded as instructional supplies.

<b>Grantee:</b>	<b>Address:</b>	<b>Date Submitted:</b>
