Subject: TRB Maximum Pensionable Salary

The Internal Revenue Code section 401(a)(17) maximum pensionable salary limit for the 2018-2019 school year is **\$275,000** for individuals who became TRB member on or after January 1, 1993 and **\$405,000** for individuals who became TRB members prior to that date.

Connecticut statutes mandate active membership in our system for individuals who meet our membership requirements; TRB membership is in lieu of participation in social security. Individuals may not decline to participate in our system if they meet the membership requirements. Conversely, individuals who do not meet our membership requirements are prohibited from active membership.

The eligibility requirements for membership in TRB are; Work an average of half-time or greater, work in a position which requires certification by the Connecticut Department of Education (higher education is exempt from this requirement), hold appropriate certification and employed on the first working day of the month. TRB membership is determined monthly on the first working day of the month and may change from one month to the next based on changes in the individuals status with respect to the membership requirements.

Please let me know if you have questions or need additional information. You may also refer to the Administrative Procedures Manual on our website (www.ct.gov/trb) for additional information.
